In Re SRBA

Case No. 39576

SUBCASE NO: 37-20862

STANDARD FORM 5

STIPULATED ELEMENTS OF A
WATER RIGHT

This form is used to report the stipulated elements of one water right acquired under state law. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; and they have been served with sufficient process, according to the law; and that they have appeared, prosecuted and defended their positions with regard to this water right dispute.

The Director's Report for water right no. 37-12831 recommended only a portion of what was claimed under claim no. 37-12831. The balance of claim no. 37-12831 is being recommended here as water right no. 37-20862. Together the SF5s of 37-12831, which is being filed herewith, and 37-20862 resolve the claimant's objection to 37-12831. The parties and IDWR agree and stipulate that the elements of this water right should be described per the attached. The parties and IDWR have further indicated their concurrence by initialing each of the attached pages.
