Re: SRBA subcase 63-7037

Dear Bob,

Per our conversation of June 25, 2003. Our records indicate that the claimant to water right 63-7037 is Blue Jay Creek Water and Road Users in care of Robert Walker. Although you have not filed an objection to your own water right, objections have been filed by both the United States Department of Justice and the Boise Project Board of Control to water right 63-7037. As the Notice of Hearing states attendance is mandatory, however, if you chose not to appear at the hearing and settlement is reached you will have to abide by the decision of the parties and the court regarding the elements of this water right.

If you have any further questions please feel free to call or write.

Thank You
