RE: Snake River Basin Adjudication Claims

South Side Bruneau Canal Co. Ltd.
c/o Frank Davis
HC 85 Box 179
Bruneau, ID 83604

Dear Mr. Davis:

I am getting ready to make my recommendations on South Side Bruneau Canal Company's claims and find that I need more information than what I gathered at our field visit. I need to have a list of all of the shareholders within the Canal Company's service area along with the number of inches each shareholder receives. I also need to know under which priority date each shareholder receives water.

I am enclosing a "Change in Address of Notice of Claim" form which can be used to change the address to which all of South Side Bruneau Canal Company's correspondence, regarding their claims, will be sent. I have completed the form as much as I could for your convenience.

Please submit the above requested information on or before April 29, 1994. If we don't receive this information it will be hard to complete a thorough review of the claims. Thanks for your help in this matter.

Sincerely,

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "**Priority Date**" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area should be conducted this summer by Department personnel. Prior to conducting the field exams, we will contact you to discuss details and schedule a time convenient for you.

Please submit the required evidence supporting the priority date(s) by March 15, 1993, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the toll-free number listed on the back page of the pamphlet or the Western Region office shown above.

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.
