RE: Documentation for well #28

In response to your June 20, 2003 email, I am attaching documentation on well #28 (Turner well), indicating its capacity and its ownership by the City of Pocatello in the 1950s.

- Attached: Statement entitled "Information from Mrs. Turner 1-4-71," stating that the capacity of the well was estimated at 2,000 g.p.m. (or 4.5 cfs) as of the date drilled, August 1951.
- Attached: Letter from the City of Pocatello, dated September 17, 1958, stating the City's plan to apply for a permit "for unfilled-on present installations," referring to the Turner well. This letter shows that the well was owned by the City of Pocatello in the 1950s, prior to the 1972 date associated with license no. 29-7106.
- Attached: Letter from the City of Pocatello, dated October 9, 1958, correcting the legal description for well #28 included in the September 17 letter.
- Attached: Application for permit no. 29-2401, dated October 16, 1958, which includes the Turner well (incorrectly numbered well #20). The statement in the application supports Mrs. Turner's statement regarding the capacity of the well (5 cfs) and the fact that the city acquired the well in the 1950s.
- Attached: Map showing that well #28 is located in Ross Park, negating the assumption that the well was developed for a subdivision.

I will be out of the office until Wednesday of this week. Please do not hesitate to call or email any further questions.

Dear Sir:

We were in error on the location of the Turner Well referred to in our letter of September 17, 1958.

We requested that your office check to see if the Turner Well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 1, T7S, R3 $\frac{1}{2}$ E BM had been previously filed on. The correct location of this well is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 1, T7S, R3 $\frac{1}{2}$ E BM.

We are sorry that the correct location was not given to you before and trust that we have not inconvenienced you.

Very truly yours,
