RE: Frazier, et al Objection
Letha Irrigation & Water Co., Inc.

Dear Nelda,

Slow, but as promised, I have enclosed a list of the Letha ditches covered by the Frasier, et al objection. The amounts are in cfs of water. The claimed amounts are from the claims filed in the Payette Adjudication. The last column contains the amounts in the Proposed Finding (report) to the court in the Payette Adjudication and on which the objection centers.

As I related in our telephone conversation, if Letha will supply me the amounts it wants on these claims for the SRBA, I will combine the amounts with the other elements of the water rights on file here to supply you with claims ready for review and probable signing.

My best wishes for a Merry Christmas to you and Howard and the family. I hope you can relax, at least from your cottage-industry business, after the holidays.

Yours Truly,

Re: Snake River Basin Adjudication

Dear Nelda:

This letter is to summarize the telephone conversation I had with you on February 21, 1989. Your concern was with the status of the Letha water rights in the Payette River Basin Adjudication and the resulting actions necessary in the Snake River Basin Adjudication.

As I recall, the Letha water rights are in Gem and Payette counties. The notices for Gem County will be mailed October, 1989, with a scheduled deadline of February 14, 1990. In Payette County the notices to file claims will be sent in January, 1990, with the corresponding deadline on April 18, 1990. I understood you would prefer to file all the claims in the Snake River Basin Adjudication under the Gem County time frame.

Most, if not all, of the Letha water rights are the subject of an objection in the Payette River Adjudication. The Department is preparing a proposal that will be distributed to the water users affected by that objection. The goal of the Department is to have any necessary negotiations with respect to these proposals settled and a decree issued by the Third District Court before the mailing of the Gem County notices.

March 7, 1989

Following the decree of the water rights, the Department will be able to prepare, from its computer, claims that can be sent to the water users for review, signing, with verification by a notary public, and return to the Department for filing in the Fifth District Court action. By filing the water rights decreed in the Payette Adjudication in a timely fashion, the water users are exempt from the filing fees. Let me assure you I will do everything to assist you in meeting the required time frame to avoid any late fees.

Thank you for your interest and assistance.

Yours Truly,

MEMORANDUM

April 6, 1995

TO: Any PRBA Claim with a Stipulation
FROM: RON HOWERTON

RE: RECOMMENDATIONS/STIPULATION

I. CONVERSATION WITH DON SHAFF:

1. Met with Don 4/5/95 at S.O. on how to proceed with "R" file recommendations.
2. Don re-confirmed that the stipulation amends the "A" claim, thus for the split ownership of this right both the "A" and "R" files can be completed.
3. He said that because of the stipulation no field exam is needed, nor do I need to print a CVR. In place of the CVR I'm to print out a profile report with comments pertaining to the stipulation.
4. I asked him if the copy of the stipulation he gave me had enough signatures on it to make the recommendation? He said yes.

II. CONVERSATION WITH JEFF PEPPERSACK

1. Met with Jeff 4/5/95 at S.O. asked if he had any paperwork pertaining to how much water was recommended for this right. He said that he thought Dan Steckel had all of it.

III. CONVERSATION WITH DAN STECKEL

1. Called Dan at S.O. 4/6/95 asked if he had the paperwork that showed how much water was to be recommended for this right. He said Don had it in his Boyd Jackson's file.

IV. CONVERSATION WITH DON SHAFF

1. Called Don at S.O. 4/6/95 asked him if he had the paperwork for the amount of water recommended? He said yes he did. He said that eventually that file would come over to Western. I asked if I needed to put the paperwork showing how much water was to be recommended in that file? He said yes, but it may be several months before he would send that file to us. So I asked was it necessary for me to have it to make the "R" file recommendation? He said no, proceed with the recommendations.

SPRING MEETING WITH DAVE SHAW & HIS ATTORNEYS:
Ref: OWNERSHIP CHANGES

1. Dan Steckel said that after an ownership change has been made, he needs a copy of the Ownership Change when completed. He doesn't need a copy of the claim.
2. During our conversation with Dave Shaw and Don Shaff, the Attorney's were in agreement that the stipulation's we have copies of now can be used to amend the "A" claim the same way as a Transfer would.
3. A recently licensed permit can also be used to amend the claim with an ownership change with an added requirement. A letter must accompany the ownership changed claim, stating that the claimed permit was licensed since this claim was filed, the claim has been revised to correspond to the licensing. If they have any difficulty with this clarification, they need to contact our office within 30 days of the letter. (The "A" claim is given a "T" status for the 30 day period.

DIRK KEMPTHORNE
Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office.
