Re: Claim Nos. 65-02256 and 65-10943

Dear Mr. Loomis:

Thank you for taking the time to look over the map I sent and for coming in to go over it with me. I really appreciate your assistance.

I made some changes to the map, based on the boundary we discussed. In calculating the irrigated acreage, I did not take out any buildings, roads, or additional outages. The total I came up with is 2,775 acres. This right was decreed for 2,945 acres at 1" of water per acre. Some of the acres decreed were in the two outage areas located in T15N, R03E sec 3 SWNE, SENE, NWSE, and NESE and in the SWNW Sec 36. Based on this reduction in acres, I reduced the diversion rate of 65-02256 (the junior right) from 32.9 cfs to 29.5 cfs.

I have included a copy of the map and the water rights as will be recommended. If you have any questions, please call me.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Susan Bock'.

NOTES: On 4/21/99 I sent Mr. Loomis a copy of the air boundary map that we had available. He came in on 4/26 to go over the map w/me. The acreage changed from 2945 @ 1" per acre. The map as we originally had it showed 3,204 acres. However much of the area was cut out over the water & enclosed lands on the other side of the ditch. After making a new shapefile I came up with 2775 acres. I reweighed these "air 2" stages" on the map totaling 200 acres, -40 acres in the SW 1/4 Sec 36 T15N, R3E, & 160 acres in Sec 3 June, SE 1/4 NW 1/4 NE 1/4 T15N, R3E, of the 200 acres, 113 were allowed. Mr. Loomis confirmed the acres we cut & they were cut from the original map. I was aware of the boundary in for the Cascade Lake Study & that Ron Hoverson John Wedder worked on it.

RE: Snake River Basin Adjudication

Dear Jim,

I am writing to follow up on our telephone conversation of this morning.

The IDWR computer database shows four records in the name of the Roseberry Irrigation District, Nos. 65-2585, 65-3114, 65-3115, 65-3116, and 65-7820. The database shows two records in the name of Gold Fork Irrigating Company, Nos. 65-2256 and 65-10943. All of these were decreed in the Payette Adjudication, and no filing fee is required if they are claimed as decreed.

Computer generated notices of claims have been prepared for all of the Valley County water rights that were decreed in the Payette Adjudication, and they are being mailed to the persons listed as the owner in our records at the time of the decree at the addresses in our records at the time of the decree. The computer generated notices of claims went out in the mail this morning, so they should be receiving them shortly, assuming that their addresses have not changed.

If they do not receive computer generated notices of claims for the water right numbers listed above in the next week or so, you might have them contact me and I can prepare their notices of claims.

Sincerely,

A. Lynne Krogh-Hampe

RE: Valley County Notices of Claims for SRBA

Dear Jim,

I researched our computerized data base for all records as to water rights appurtenant to lands in the property descriptions you gave me for Gold Fork Ranches, the Long Valley Headquarters, Lake Ranch, and Roseberry Ranch.

I only found one record, No. 65-8715, for Gold Fork Ranches. A notice of claim is enclosed. The right was decreed in the Payetter River Adjudication, so no filing fee is required if it is claimed as decreed. Please note that this right is for surface water only. I seem to remember your saying that there was a domestic well on the property, which would be a ground water right. If the well is used just for a house, up to 1/2 acre of irrigation, and for stockwater, then the water right can be claimed on our short notice of claim form. A short form and instructions for completing the short form is enclosed. A filing fee is required for water rights not decreed in the Payette River Adjudication, and the fee for a domestic water right is \$25.00.

I also found two records in the name of the Gold Fork Irrigating Company that include some of the Gold Fork Ranch Lands as their place of use. As I told you when you visited my office, my suspicion is that the Gold Fork Irrigating Company is a mutual ditch company, whose shareholders have a right to receive water from the company represented by shares in the company. If that is the case, then the Gold Fork Irrigating Company should file the notices of claims for these rights. However, there is a chance that the Gold Fork Irrigating Company is a carrier ditch company, which merely operates the ditches for water users who own the water rights. The fact that the water rights were decreed in the Payette Adjudication in the name of the Gold Fork Irrigating Company indicates that the company is a mutual ditch company and should file the notices of claims for these rights. But you may want to check with them to make sure they have filed or are planning to file.

I only found one record, No. 65-9796, for the Long Valley Headquarters. A notice of claim is enclosed. The right was decreed in the Payette River Adjudication, so no filing fee is

required if it is claimed as decreed.

I found two records for the Lake Ranch, Nos. 65-1979 and 65-11280, which were decreed in the Payette River Adjudication to the A. L. Cattle Company. Notices of claims for these two are enclosed. Again, no filing fee is required if the rights are claimed as decreed.

I found two records for the Roseberry Ranch, Nos. 65-4033 and 65-2515. A notice of claim is enclosed for 65-4033, which was decreed in the Payette River Adjudication and for which no filing fee is required if it is claimed as decreed. 65-2515 was also decreed in the Payette River Adjudication, partly for your lands and partly for other lands not included in the property description you provided. I therefore prepared a split notice of claim, No. 65-2515A, which shows the portion of the irrigation portion of the water right for the lands you acquired. The decreed water right also included domestic use, but I did not include this in the notice of claim I prepared for you since you indicated to me that you do not use water for domestic purposes. A filing fee is not required for 65-2515A so long as the water right is claimed as decreed for that portion of the lands to which the water right is appurtenant that you acquired.

Our records also indicate that the Roseberry Irrigation District holds water rights with a place of use that includes some of the Roseberry Ranch lands. The district should file notices of claims for lands irrigated with irrigation district water.

Also enclosed is an instruction sheet for filing the prepared notices of claims, and another information sheet. There is an item on the notice of claim that asks you if you want a subscription to the docket sheet. The docket sheet is described in the information sheet. If you do want the docket sheet subscription, then you need indicate this on only one of the notices of claims. If you want more than one subscription, or if you want a subscription to be sent somewhere other than the address indicated on the notice of claim, then you should enclose a letter with your notices of claims containing instructions as to the number of docket sheet subscriptions you want and where you want them sent.

The first thing you need to do now is go over the claims and make sure they correctly describe each water right as you want to claim it. If they are not correct, you can either write in your corrections on the form, or you can call or write me and I'll print up another, or you can fill out our regular form. The second thing you need to do is to make sure that these notices of claims include all the water rights you want to claim for Valley County in the SRBA. If not, then you'll need to either come in with the necessary information and I'll prepare a notice of claim for you, or you can fill out our regular form. I have enclosed a long notice of claim form and instructions for filling it out in addition to the short claim form mentioned above.

Please note that your Valley County claims must be filed with IDWR by November 23, 1988, to avoid payment of a late fee. Also please note that the notices of claims must be signed by an officer of the corporation. If someone else signs the notices of claims, then a copy of the power of attorney authorizing that person to act on behalf of the corporation must be submitted along with the notices of claims.

I'm still working on the claims for your Canyon County property. We do not currently plan to do the notice and claims taking in Canyon County until late 1989, so you're not coming up on any deadlines for the Canyon County claims. I'm going to be out of the office most of next week, so you may not get them for a few weeks yet. I am returning all of your property descriptions except for the Canyon County property descriptions.

If you have any questions, please feel free to write or call me. My card is enclosed.

Sincerely,

A. Lynne Krogh-Hampe

Mr. Floyd Loomis, Secretary-Treasurer
Gold Fork Irrigating Company, Ltd.
Box 1
Donnelly, Idaho 83615

Dear Mr. Loomis:

I am enclosing a prepared copy of a claim to a water right showing lands irrigated by your company as indicated by our maps. I have also shown the landowners and acreages by 40 acre tracts for you to compare with your records.

Please review the claim and if you find it correct, please sign it as secretary-treasurer of the company before a notary public and return it to us. I have marked it with the same number as your previous claim and shown that it is an amended claim.

If you have any questions, please contact this office.

Sincerely,

ROBERT W. HAMILTON
Supervisor of Water Distribution

RE: Payette River Adjudication Claim No. 65-2256

Dear Mr. Loomis:

I have compared the lands shown on your claim to a water right to the lands shown on the maps made by this Department in connection with the Payette River adjudication. I am enclosing a land list showing acreages by 40 acre tracts, of the lands that appear to be irrigated by your ditch company. Please note that some 40's are marked with an "X". These are 40's that do not appear on your claim, but seem to be part of your company. These lands total 459.3 acres. You have claimed lands in the SW $\frac{1}{4}$ of Sections 11 and 14 that seem to be within the boundaries of the center Irrigation District. These lands are not listed on the enclosed land list.

We would appreciate it if you would review this land list and make any corrections you find necessary.

It is my understanding that you have a copy of our maps.

Please advise us of the result of your examinations of our land list.

Sincerely,

ROBERT W. HAMILTON
Supervisor of Water Distribution

Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

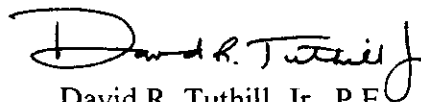

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief
