E. REASONS SUPPORTING OBJECTIONS:

This water right as described in Part D above was continuously diverted and applied to beneficial use in the exact manner as described in the Form No. 243 - Claim to a Water Right, Claim No. 29-4291, prepared and filed by Claimant Guy Curtis on 11/24/1982, copy of which is attached as Exhibit "A". This Claim to a Water Right was prepared and filed under the direction and with the assistance of the Eastern Region of the Idaho Department of Water Resources. This claim was also advertised according to law with no objections being filed.

This water right was used as claimed continuously from April 1, 1940, until October 1, 1986, when the property was enrolled in the U.S. Department of Agriculture Conservation Reserve Program ("CRP"). The subject property remained in the CRP under four different contracts which currently run through September 30, 2007. A copy of said CRP Contracts are attached as Exhibit "B". The water right was not used while the property was enrolled in the CRP program, and during such time there can be no abandonment or forfeiture of the water right in accordance with Idaho law.

The original claimant and owner, Guy Curtis, died in 1985. Since that time the property and water right was owned by Dorothy Curtis, the surviving spouse and sole heir of the Estate of Guy Curtis. Dorothy Curtis died in December 2002. Her property and the claimed water right is now held in the Dorothy Curtis Trust pursuant to Trust Agreement dated May 3, 2002. Delene C. Covert, daughter of the decedent is the sole trustee. Darlene C. Covert has employed her brother-in-law Delbert E. Christensen and attorney Randall C. Budge to assist her in establishing the water rights as claimed.

Delene C. Covert as Trustee of the Dorothy Curtis Trust filed in the SRBA a Notice of Claim to a Water Right. Each element of this claim was identical to the -243 "Claim to a Water Right" previously filed by Guy Curtis on November 24, 1982, Exhibit "A" attached. IDWR's Preliminary Recommendation dated February 8, 2003, indicated "no beneficial use found" for reasons unknown. It is believed that the Field Examiner was unaware that the property was in the CRP program from 1986 to date. Due to inadvertence or oversight, Darlene C. Covert did not file a Notice of Error Reply. This is because she believed that sufficient proof had previously been provided to Ernie Carlson of IDWR Eastern Region in response to his request. Attached as Exhibit "C" are copies of Delene C. Covert's April 5, 2002 letter to Ernie Carlson, together with attached letters to Ernie Carlson from J. Dale Criddle dated April 5, 2002 and from Janice Curtis dated March 31, 2002. Additionally, there is believed to be a letter submitted and on file with IDWR from Delbert E. Christensen in this same time frame. Each of these letters provide sufficient proof that the water was diverted and applied to beneficial use by Guy Curtis prior to the time the property and water right was placed in the CRP program.

Dear Mr. Carlson,

On January 4, 2002 I met with you in your office to discuss filing Claim No. 29-4271 for retention of water rights. This meeting was a response to the letter I received from the Department of Water Resources, Civil No. 39576 – Second Round Service of Commencement Notice - Basin 29.

I am the trustee for my elderly mother's estate. She and her family want to preserve the water rights. I have followed your recommendation to find verification of water use on her land, known as the Christensen Place, located in Section 2, T11S R37E, (Tax Parcel Nos. R4433000500 and R4433000702) between the years 1940-1982. The attached letter provides a statement from my sister-in-law, wife at the time to my brother who worked that farm. Also included is a letter from Dale Criddle, who owned the farm just west of the property in question.

Enclosed, also, is a check in the amount of \$148.00 for the filing fee. Please advise what steps follow.

Respectfully,

Dear Mr. Carlson,

In 1953 I bought a farm just west of Guy Curtis' land which he called the Christensen Place. I remember seeing Guy irrigate with a pump from his tractor during the mid 1950's. I remember him getting his tractor with pump stuck in the water below the dam that held the water in the pond.

Dear Mr. Carlson,

During the early 1970's I helped my husband, Robert Curtis, son of Guy Curtis, clean the pump which we were using to irrigate a portion of the Christensen Place.

Dear Mr. Carlson,

In further response to filing claim No. 29-4271 for retention of water rights, I have enclosed one additional testimony which verifies the use of water on my mother's land, known as the Christensen Place, located in Section 2, T11S R37E (Tax Parcel Nos. R4433000500 and R4433000702).

This letter and the two I sent you earlier this week are in response to the letter I received from the Department of Water Resources, Civil No. 39576 – Second Round Service of Commencement Notice – Basin 29.

Thank you for your assistance in getting the claim filed.

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT
OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re the General Adjudication of
Rights to the Use of Water from
the Snake River Basin Water System.

) Civil No. 39576
)
) SECOND ROUND SERVICE OF
) COMMENCEMENT NOTICE
) BASIN 29

IMPORTANT LEGAL NOTICE:

Records of the Idaho Department of Water Resources (IDWR) indicate that you may own or have an interest in a water right in the Snake River Basin, but has NOT filed a Notice of Claim with IDWR for this water right. This notice serves as your second and FINAL notice of your responsibilities to file a Notice of Claim. **FAILURE TO FILE A REQUIRED NOTICE OF CLAIM WILL RESULT IN A DETERMINATION BY THE COURT THAT THE WATER RIGHT NO LONGER EXISTS.**

YOUR FILING DEADLINE IS MARCH 11, 2002

On November 19, 1987, the District Court for the County of Twin Falls issued an order commencing a general adjudication of all water rights from the Snake River Basin water system in Idaho. A general adjudication is a court case, which will result in a decree determining all water rights from the water system. The purpose of the adjudication is to get an accurate schedule of water rights to assure the proper delivery of water in times of shortage. The purpose of this notice is to inform you of your legal responsibilities at this stage of the adjudication.

WHO NEEDS TO FILE A NOTICE OF CLAIM WITH IDWR?

Idaho Code § 42-1409 requires all persons owning water rights within the boundaries of the Snake River Basin water system in Idaho to file a Notice of Claim with IDWR for each water right, except for certain water rights specifically excluded by law. **Failure to file a required Notice of Claim will result in a determination by the court that the water right no longer exists.**

You **MUST** file a Notice of Claim with IDWR if your water right is based upon:

- a **CONSTITUTIONAL** or **HISTORIC USE RIGHT** (a diversion and application of water to a beneficial use, regardless of whether the water right has been recorded with IDWR pursuant to Idaho Code § 42-243);
- a **STATE** or **FEDERAL DECREE** (even if your water right was decreed in a previous adjudication you still must file a Notice of Claim with IDWR);
- a **LICENSED RIGHT** (based upon a license issued by IDWR, which used to be called the Idaho Department of Water Administration, the Idaho Department of Reclamation, and the State Engineer's Office);
- an **APPROPRIATION PERMIT** if proof of beneficial use was filed before November 19, 1987 (based upon a permit issued by IDWR, which used to be called the Idaho Department of Water Administration, the Idaho Department of Reclamation, and the State Engineer's Office); or
- a **FEDERAL LAW** (generally reserved rights claimed by the federal government, by or on behalf of the Indian Tribes, or by subsequent owners of former federal reserved lands).

WHO DOES NOT NEED TO FILE A NOTICE OF CLAIM WITH IDWR?

- **Small Domestic and Stockwater users:** A Notice of Claim may be, but is not required to be, filed at this time for water rights used solely for small Domestic and/or Stockwater purposes (D&S), as those terms are defined by Idaho Code § 42-1401A (4) & (11). However, even if you have a D&S water right, it might be to your advantage to file a claim on this water right in this adjudication for a number of reasons. First, you will be required to have the water right adjudicated before the water right can be distributed by a watermaster or before an application for change of the water right may be filed with IDWR. Furthermore, while the filing fee for a Notice of Claim with IDWR for a D&S water right is currently \$25, the costs of filing a motion with the district court at a later date to have the water right adjudicated will be considerably higher. Before deciding not to file a Notice of Claim for small D&S claims you should be certain that your water use qualifies for the special procedure.
- **Permits for which Proof of Beneficial Use was filed on or after November 19, 1987:** A Notice of Claim may be, but is not required to be, filed for permits for which proof of beneficial use was filed on or after November 19, 1987. The director of IDWR may at a later date require holders of such permits to file a Notice of Claim. If the director does issue such an order, the permit holder will be notified by mail.
- **Fire-Fighting and In-Stream Livestock:** A Notice of Claim may be, but is not required to be, filed for water rights arising under Idaho state law that are used solely for fire-fighting purposes or solely for in-stream livestock use as defined by Idaho Code § 42-113.
- **Water users who are not the owner of the water right:** A person using water from the Snake River Basin water system is not required to file a Notice of Claim if the water user is not the owner of the water right, but the water user should make sure that the owner has filed a Notice of Claim. For example, a water user need not file a Notice of Claim where the water user receives water solely by virtue of ownership of shares of stock in a water delivery organization, or solely by virtue of being located within the boundaries of a water user organization if the water delivery organization holds legal title to the water right and if the water delivery organization has filed a Notice of Claim. Examples of water delivery organizations include cities, water utility companies, and irrigation districts, among others.

WHAT WATER SOURCES ARE INCLUDED IN THE SNAKE RIVER BASIN ADJUDICATION AND WHAT ARE THE BOUNDARIES?

A Notice of Claim must be filed for water from any water source, including streams, springs, lakes, ground water, developed water, wastewater, or any other source for any purpose within the boundaries of the Snake River Basin water system in Idaho. A map showing the boundaries of the water system is included at the end of this notice.

WHAT ARE THE FEES AND DEADLINES FOR FILING A NOTICE OF CLAIM?

Idaho Code § 42-1414 requires each person who files a Notice of Claim, except those exempted by law, to pay a filing fee. Failure to pay the fee will result in rejection of the Notice of Claim. There may be an exception to the filing fee requirement if your water right was determined by decree in the Payette River Drainage Adjudication (Gem County Civil No. 3667), the Lemhi River Drainage Adjudication (Lemhi County Civil No. 4948), or the Basin Creek Drainage Adjudication (Cassia County Civil No. 11125).

The deadline for filing Notices of Claims to water rights is stamped on the front of this notice. Late-filed Notices of Claims will be accepted prior to filing the director's report with the court, but failure to file a Notice of Claim by the deadline may result in assessment of a late fee of \$50.00 or 15% of the original filing fee, whichever is greater.

A late fee may also apply if you were previously served with a Commencement Notice and did not file your claim by the deadline set forth in the previous notice.

NOTICE OF CLAIM FORMS AND INSTRUCTIONS

Notices of Claims must be filed on forms prepared by IDWR or a reasonable facsimile. When filing at an IDWR office, bring a legal description of the property with Township, Section, Range and 1/4, 1/4. The lot and block numbers are not sufficient. Claimants should always call the nearest regional office to make an appointment if desiring assistance to fill out a Notice of Claim. Handwritten: 01-22-02, 2:00pm, 01-03-02, 9:05am

If not, the purchaser must file any required Notice of Claim, as described above. If a Notice of Claim has been filed, the purchaser must file with IDWR a written notice of the change in ownership along with some evidence of ownership. "Purchaser" includes any person acquiring a water right from another water user, whether it is acquired by purchase, gift, inheritance, or any other means. Idaho Code § 42-1409(6) requires all persons who have filed a Notice of Claim to file a written notice of change in address with IDWR.
