RE: Partial Decree for water right 47-19607

Dear Diana:

Water right 47-19607 was recommended in the Director's Report for Domestic and Stockwater, Reporting Area 12 (IDWR Basin 47) filed with the SRBA court on August 14, 1998. The recommendation was unobjected to, and on July 9, 1999, a partial decree was issued.

It was recently discovered that the elements reported as right 47-19607 actually describe a basin 63 water right, 63-19607, located in Ada County. It appears that the recommendation of right 47-19607 was created in error, as IDWR has no record of a water right claim submitted as right 47-19607. The error was partially corrected in that the actual basin 63 right, with identical elements, was correctly reported as right 63-19607 in the Director's Report for Domestic and Stockwater, Reporting Area 13 (IDWR Basin 63) filed November 5, 1998. A partial decree was issued on February 21, 2000.

Unfortunately, the recommendation of right 47-19607 was never deleted from IDWR's database. Right 47-19607 was also reported to the court and subsequently partially decreed as a basin 47 right. The right should only exist as right 63-19607. Would it be possible for the court to correct this as a clerical mistake under I.R.C.P. 60(a)?

A copy of the recommendations and partial decrees of both rights are included for the court's convenience. Should you require further assistance in this matter, please don't hesitate to call me at 208-327-5458.

Sincerely,
