C. THAYER & HOMPSON

being first duly sworn,

deposes and says:

deposes and says: The water right was established when the property was homesteaded around 1900. The right was for so many hours every 8 days. The main use was domestic yard & stock water, after we purchased the property in Aug 1962 some irrigation was done as far as the water would go, because of economics and time we decided to tide with Flood Wielding the use of the water for pasture. This water was only used on the following described part of his property: Sec 22 Beginning at a point 162 ft S of the S.W. corner of NE 1/4 NE 1/4 of Sec 22; thence N 88° 42' East 402.1 ft more or less to the W 1/4 line of Sec 23; thence southerly along said W 1/4 line 697 ft; thence S 24° 00' W 2660.5 ft to point of beginning.

In June 1990 Dennis Thompson purchased the described property from Willings and has used the water continuously since that time on a rent trade agreement.

Thomas Thompson

Diversion Description

HEADGATE IN STREAM TO DITCHES. IN-STREAM STOCK WATERING. Headgate structure has been removed. Ditches still exist, but do not appear to be used. One plastic diversion dam noted. 8" high water mark, 12" D in steel culvert.

Assumptions

Full stream is diverted, slope, and current usage appears to be in-stream stockwater.

11 hrs

leased to wildings in 70's.

Dennis purchased wilding property in 1986
continues to use water at that location.

- Dennis has irrigated portions of property in fall.
puts dam in ditch. flood irrigates.

- ditch is on a ridge. - property falls off
to both north & south.
