To Whom It May Concern:

We, Ronald and Shirley Bishop, moved to 59 Bell Rapids Road in October of 1968. At the time we moved there, there was a pump system that pumped from the river that watered our property and that of Mac and Laverne Duggan. It was located on the property that at that time belonged to Don and Gladys Duggan. The pump appeared to have been in place for some time.

We owned the property of which is being referred to for 24 years. The pump was in place and being used all of this time.

Ronald L. Bishop

Dear Sir:

This is to inform you that water from the Snake River has been used for a beneficial use since 1936 to water land outlined in blue on your map.

In 1936 a pump powered by a 1929 Chevrolet 4 cylinder gas engine that was changed to a 2 horse electric that is still in use.

Enclosed is a letter.

Shirley Bishop verifying
a pump in the River
