

WATER RIGHTS 74-666, 671, 672, 680, 682, 683, 2247

Roxanne,

I've already been through most of these rights, but they are not right. These rights were originally adjudicated to the Andrews Livestock Company at their Kenney Creek Ranch. A son, Gail Andrews, ended up with the ranch. Gail sold most of the place to his son and wife, Bill and Terry Andrews. I believe Bill and Terry claimed them in this adjudication.

Bill sold the ranch to Kenny Creek Ranch LLC but retained T20N R24E S19 Lot 4, and S30 Lot 1 and Lot 2. So, he still owns 74-672 diverted from L-23. 74-683 needs to be split with 15.5 acres and .379 cfs to Bill Andrews. The remainder, 72.5 acres and 1.77 cfs goes to Kenny Creek Ranch LLC.

All the other water rights go to Kenny Creek Ranch LLC.
