**BRIEF EXPLANATION FOR RESPONSE.** In its Original Objection, filed on or about October 20, 2003, claimant City of Pocatello requested the inclusion of a general provision regarding the October 24, 1984 Swan Falls Agreement and related documents. Claimant states that "[t]his Objection is parallel to the Swan Falls objections in Basin 37 (Consolidated subcase No. 37-02499)." The United States understands that this objection has been separated from Basin 29 and consolidated with similar objections as Consolidated Subcase 92-37. By this response, the United States expresses its intention to participate in proceedings related to this issue.

In its Amended Objection filed on or about November 19, 2003, claimant City of Pocatello requested the inclusion of several general provisions for this water right, including *inter alia*, general provisions regarding "source, quantity, priority date and purpose of use," "separate streams," "separate administration," and "Swan Falls." The United States is unaware of any basis for the inclusion of such general provisions and therefore opposes them as unnecessary to define or administer the water right. The United States also responds to the objection regarding "place of use" by noting that it is unaware of any basis for the objection and opposes it as well. By this response, the United States expresses its intention to participate in proceedings related to these issues as well.
