Findings of Fact

On November 2, 1992, the Director of the Idaho Department of Water Resources filed his *Director's Report, Part I, for Reporting Area 3 (Basin 36)*. The Director recommended the original groundwater claims for irrigation use and noted that the claims were expansions pursuant to I.C. § 42-1416(2). When that statute was repealed in 1994, the claims were re-recommended as enlargements under the new statute, I.C. § 42-1426, sometimes referred to as the "amnesty statute." However, this time IDWR included in its recommendation for all enlargement claims the following subordination language:

This water right is subordinate to all water rights with a priority date earlier than April 12, 1994, that are not decreed as enlargements pursuant to Section 42-1426, Idaho Code. As between water rights decreed as enlargements pursuant to Section 42-1426, Idaho Code, the earlier priority right is the superior right. This right is based on an enlargement of (base rights) pursuant to Section 42-1426, Idaho Code.

The claimants,¹ along with other claimants who have since settled their claims, filed *Objections* to the recommended priority dates. Each claimant requested as their priority date the

date of the base licensed right or the date of enlargement – between 1966 and 1984. The respondents² filed *Joint Responses* in support of IDWR's recommendations.

Opposing *Motions for Summary Judgment* were heard on July 8, 1998, and on September 11, 1998, the Special Master entered an *Order on Motions for Summary Judgment* holding as a matter of law that the Director of IDWR had the lawful authority and duty to recommend inclusion of subordination language in the claimants' enlargement claims.

On October 31, 2002, the Special Master entered an *Order Setting Deadline* requiring the parties to file no later than December 31, 2002, either *Standard Forms 5* or stipulations resolving all remaining contested issues so a Special Master report and recommendation could be issued while reserving the claimants' right to challenge the *Order on Motions for Summary Judgment*. On November 12, 2002, counsel for the claimants wrote to the Court suggesting that IDWR submit its recommendations followed by the Special Master entering a report and recommendation:

Then, if any of our clients are aggrieved with the Special Master's Final Report and Recommendations, they could exercise their rights in accordance with the procedures set forth by Administrative Order One. This would allow the case to move forward and prevent us from entering into a stipulation contrary to the authority given to us by our clients.

The Special Master entered a *Report and Recommendation* on January 10, 2003. On January 27, 2003, the claimants filed a *Motion to Alter or Amend* asking that the recommendations for 36-10090 (Large), 36-14807 (Phillips) and 36-15152 (Roost Potato Co., Inc.) be amended to correct errors, other than inclusion of the subordination language. The respondents filed a *Motion to Alter or Amend* on February 26, 2003, because the *Recommendations* failed to include the subordination language.

On December 3, 2003, IDWR filed an *Amended Director's Report* in subcases 36-10033, 36-10035, 36-10037, 36-10090, 36-10863A, 36-11643, 36-14807, 36-15152, 36-15264A, 36-15264B, 36-15356 and 36-15356A. All of the claims were recommended for adjudication, as corrected, except 36-14807 (split into 36-16123 and 36-16124) and 36-15356 (split into 36-15356A and 36-15356B).

² (Magic Valley Ground Water District, Aberdeen-American Falls Ground Water District, Bingham Ground Water District, Tim Deeg, Mack Neibaur and Ralph Breeding)

The Special Master entered an *Order Setting Deadline to File Objections* requiring the parties to file objections to the *Amended Director's Report*, other than the Director's recommendation that the enlargement claims be decreed with the subordination language, no later than January 23, 2004. No one filed such an objection, while the claimants preserved their right to challenge the Special Master's *Order on Motions for Summary Judgment*, dated September 11, 1998, concerning inclusion of the subordination language.

Order

THEREFORE, IT IS ORDERED that the *Motions to Alter or Amend* are **granted**.

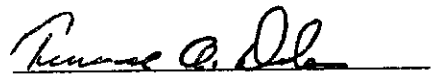

Conclusions of Law

1. The claimants are entitled to partial decrees adjudicating water rights under claims 36-10033, 36-10035, 36-10037, 36-10090, 36-10863A, 36-11643, 36-15152, 36-15264A, 36-15264B, 36-15356A, 36-16123 and 36-16124 as described in the *Amended Director's Report* and the attached *Amended Special Master Recommendations for Partial Decrees for Water Rights 36-10033, 36-10035, 36-10037, 36-10090, 36-10863A, 36-11643, 36-15152, 36-15264A, 36-15264B, 36-15356A, 36-16123 and 36-16124*;
2. Vernon and Marilyn Phillips are **not** entitled to a water right under claim 36-14807, the claim having been split into 36-16123 (Phillips) and 36-16124 (Willie); and
3. Jack and Kent Harman are **not** entitled to a water right under claim 36-15356, the claim having been split into 36-15356A (Harman) and 36-15356B (USDI/BLM).

Recommendations

THEREFORE, IT IS RECOMMENDED that claims 36-14807 and 36-15356 **not** be adjudicated as water rights.

¹ On December 16, 1997, a *Special Master's Report* was entered recommending 36-10863 be decreed disallowed because the claim was split into 36-10863A and 36-10863B. Another *Special Master's Report*, entered the same date, recommended 36-10863A and 36-10863B be decreed as agreed to by the parties. However, on February 25, 1998, the Special Master entered an *Order Granting Motion to Alter or Amend* in subcase 36-10863A vacating that portion of the *Special Master's Report* because of the pending issue of subordination language. A *Partial Decree* disallowing 36-10863 was entered on January 1, 2003. The *Special Master's Report* for 36-10863B was not vacated. On July 26, 2002, IDWR filed *Notices of Completed Administrative Proceeding* in subcases 36-10863A and 36-10863B for changes in ownership (36-10863A, from Ross Hunsaker to Owyhee Ranches, Inc. and 36-10863B, from the USDI/BLM to Owyhee Ranches, Inc.), point of diversion and place of use. A *Motion to Alter or Amend the Special Master Report and Recommendation* in subcase 36-10863B was dismissed on June 30, 2003 [a *Partial Decree* had been entered on January 10, 2003].

² On May 24, 2002, IDWR filed a *Notice of Completed Administrative Proceeding* in subcase 36-15356 for changes in the point of diversion and place of use and a split of the claim into 36-15356A and 36-15356B. On June 27, 2002, the United States of America, Department of Interior, Bureau of Land Management filed an *Amended Objection* in subcase 36-15356B objecting to place of use. A *Partial Decree* in 36-15356B was entered on November 19, 2003.
