Attachment--SRBA Case No 39576

D.—3.

I received information from Marsh Valley Development Inc. dated November 12, 2003 in regards to SRBA Case No. 39576. Not understanding what to do with this. I called Allen Rubery (Department of Water Resources in Idaho Falls) on 11-17-03 and ask what this was. He referred me to Susan Nygard (phone # 327-5446) in Boise. I called Susan that same day (9:10 AM) got an answering machine, and left a message asking what this document was and ask her to call me back. Her assistant called back (I failed to get her name) and informed me not to do anything, and that further notice will come from the court. She (the assistant) also stated that she would keep me informed. I was never called again, nor did I receive anything from the courts.

I received information from Randall C. Budge (attorney) dated January 20, 2004 that he was representing Marsh Valley Development.

Neither document had a deadline if I had any objection. Therefor I was looking for further correspondence or a phone call. My neighbor (Larry & Lana Naef) gave me a copy of an Order Setting Objection & Response Deadline (Case No. 39576, same as mine) dated 1-15-04 from Judge John M. Melanson, stating that an Amended Director's Report was filed on 1-14-04. My name was not on the mailing list.

I feel I should have the right to object the Marsh Valley Development Inc. Objection Case No. 39576.

Objection—E.

We have south slopping ground and need to water (# 29-13299) as much as we can before and after the irrigation season because there are other water rights that precede ours, and we loose it early in the season. This land has been watered for "Beneficial Use" this way long before the August 17, 1932 date that the IDWR set. If the restrictions that Marsh Valley Development Inc. (Hydro Electric Plant installed in 1993) were to be placed on us, our crops will suffer or fail!
