season until the spring of 1887 when he sold said land and water right to D.C.Tyler, Sr; said D.C.Tyler has used said water for irrigation every year since and has now in cultivation on said tract 30 acres of land. that the said D.C.Tyler is entitled to the use of 30 inches of water from the said east fork of Rock Creek to irrigate his said land at all times the same to be taken through the Wood & Tyler ditch, the right to the use thereof to date from the 1st. day of May 1885.

That in March 1883 the following named parties to wit: H.S.Walker D. Hutchinson, Jacob Hutchinson, George Young Peter Ledell, Hy.Pearce, W.H. Walker, Lorin Walker and Lagrande Ribinson located a ditch near the head of the east fork of Rock Creek for the purpose of diverting and appropriating water to and upon the bench land lying to the north of said stream that during the year only about 300 feet of said ditch was completed; that in the spring of 1884 said ditch was surveyed and completed to its full size except in difficult rocky points for a distance of 2 & 1/2 miles; That in 1885 said ditch was extended and extension completed the full size except in deep cuts and rocky points, for a distance of 5 & 1/2 miles smaller ditches were constructed from this main ditch to and upon lands owned by the claimants thereof and about 66 acres of land irrigated from said ditch in 1885. in 1886 the said ditch was completed and extended for a distance from its head of about 8 miles and about 146 acres irrigated from same that season; that the present season of 1890 there are about 350 acres of land under cultivation below said ditch which is known as the "bench ditch"; since the construction of said ditch some of the original share holders in the same have conveyed their rights in and to the same to other parties; that the lands lying under said ditch are owned and occupied by the claimants in said ditch; we do not believe that the location and work done on the said ditch in the year 1883 is sufficient

in finding the use of the water therein to date back to that period; there is no controversy among the claimants and owners of said ditch to the use of the water flowing therein among them selves, we therefore find that the said ditch and the owners thereof are entitled to a flow at all times to the waters of the said east fork of Rock Creek to 400 inches for the purpose of irrigating the lands lying under said ditch, the right to the use thereof to date from the 10th. day of May 1884: we further find that the settlers claiming land under said ditch are living upon a high bench and remote from water for domestic purposes, should be entitled at all times to a flow of 75 inches of water from said ditches against the prior appropriation of water of said stream of said east fork of Rock Creek.

That H.D.Lish owns and claims a tract of land lying on the south side of east fork of Rock Creek and on May 1st., 1890 he appropriated and used through what is known as the Valdez ditch water sufficient to irrigate 4 acres of said land; that said Lish has 30 acres of land owned by him lying under said ditch; that the said H.D.Lish is entitled at all times to the flow of 30 inches of water of said east fork creek, his right to date from the 10th. day of May 1890.

That on May 4th., 1884 the following parties began the construction of a ditch from the channel of lower Rock Creek on the west side thereof: Heber Hanson, Wm. Payne, J.C. Ralphs, Heber Ralphs, George Stanger, Peter Jensen, Lot Smith, Delroy Tyler, Ed Hunter, Morris Peters, Thomas Peters and Robt. Hunter; that said ditch was constructed and completed on the 4th day of June 1884 to and upon lands owned by claimants, the parties interested in said ditch for the purpose of irrigating their said lands; that said ditch was at its head about 5 & 1/2 feet wide by 1 & 1/2 feet deep that said ditch has been continuously used each and every season by the owners thereof for the purpose of irrigating their said lands; that in the year 1884 about 75 acres was irrigated by said claimants from said ditch; that said acreage has increased from year to year until at present when about 275 acres are under cultivation under said ditch. The share holders in said ditch have no controversy among themselves as to the disposing of water among themselves but claim and use said water according to the shares held by each;

That said ditch known as the "west ditch" is entitled at all times to the use and flow of 275 inches of the water of said Rock Creek.
