1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

NWSW, NESW, SWSW

Point of Diversion is T15N, R27E Sec 7

2. Describe the changes you wish to make in the proposed recommendation:

Entire quarter section should be adjudicated, since entire quarter section was irrigated during expansion window with wheel lines.

3. Give a brief explanation as to why you disagree with these portions:

The expansion window allowed irrigation area to expand. I also have a supplemental well to use on this quarter section. This well tested about 354 gal/min by your personnel & 335 gal/min by driller.

☒ I AGREE with this proposed recommendation: no changes need to be made.
