_____	)	

The Roseberry Irrigation District, by and through its counsel of record, Dana L. Hofstetter, hereby moves this Court, pursuant to *SRBA Administrative Order No. 1*, Section 13a, to alter or amend the *Special Master's Recommendations* in the above-referenced Subcases.

Subcase No. 65-2585

Joe Eld is listed as an owner of this water right along with the Roseberry Irrigation District, instead of being listed as an addressee on behalf of the Roseberry Irrigation District. Accordingly, the name and address element of this water right should be corrected as indicated in Exhibit A attached hereto. Further, the source, Willow Creek, is listed as tributary to Cascade

Reservoir. However, Willow Creek actually is tributary to the North Fork of the Payette River. Accordingly, the source element of this water right also should be corrected as indicated in Exhibit A hereto.

Also, it is noted that the written Conclusions of Law in the *Special Master's Report* indicate that this water right, together with the other Roseberry Irrigation District water rights, should provide for irrigation of a total of 2719 acres. However, the actual description of the elements of this water right in the *Special Master's Recommendation* correctly indicates that the total amount of irrigated acres in combination with this right is 2826. The Roseberry Irrigation District requests that the Conclusions of Law in the *Special Master's Report* be corrected to conform to the *Special Master's Recommendation* in this regard.

Subcase No. 65-3114

Joe Eld is listed as an owner of this water right along with the Roseberry Irrigation District, instead of being listed as an addressee on behalf of the Roseberry Irrigation District. Accordingly, the name and address element of this water right should be corrected as indicated in Exhibit B attached hereto. Further, the source, Boulder Creek, is listed as tributary to Cascade Reservoir. However, Boulder Creek actually is tributary to the North Fork of the Payette River. Accordingly, the source element of this water right also should be corrected as indicated in Exhibit B hereto.

Subcase No. 65-3115

Joe Eld is listed as an owner of this water right along with the Roseberry Irrigation District, instead of being listed as an addressee on behalf of the Roseberry Irrigation District. Accordingly, the name and address element of this water right should be corrected as indicated in Exhibit C attached hereto. Further, the language regarding the water exchange with the Boulder

Irrigation Company is included in the *Special Master's Recommendation* although the *Objection* filed by the Roseberry Irrigation District previously had requested that this language be deleted. This exchange arrangement was not referenced in the *Payette Decree* for this water right and it concerns a matter of private contract between the parties.

Subcase No. 65-3116

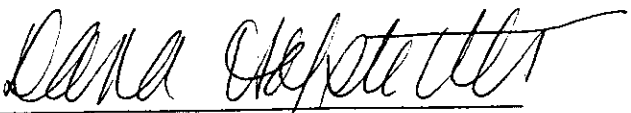

Joe Eld is listed as an owner of this water right along with the Roseberry Irrigation District, instead of being listed as an addressee on behalf of the Roseberry Irrigation District. Accordingly, the name and address element of this water right should be corrected as in Exhibit D attached hereto. Further, the source, Boulder Creek, is listed as tributary to Cascade Reservoir. However, Boulder Creek actually is tributary to the North Fork of the Payette River. Accordingly, the source element of this water right also should be corrected as indicated in Exhibit D hereto.

Subcase No. 65-22587

This is an incidental stock water right associated with irrigation Water Right No. 65-3115, which has been determined to have a priority date of January 12, 1917 in the *Special Master's Report* issued April 8, 2004. Accordingly, the priority date element of this water right should be corrected as indicated in Exhibit E attached hereto. Further, only one point of diversion should be listed as indicated in Exhibit E.

DATED this 25th day of May, 2004.
