	) (USDI/BLM)
Case No. 39576	)
_____	) SPECIAL MASTER REPORT

Findings of Fact

The Director of the Idaho Department of Water Resources filed his *Director's Report for Domestic and Stockwater, Reporting Area 22 (IDWR Basin 85)* on March 19, 1999. The Director recommended 85-15264 to the United States of America, Department of Interior, Bureau of Land Management, Idaho State Office, 1387 S. Vinnell Way, Boise, Idaho, 83709-1657, for .02 cfs from Corral Creel for year-'round stockwater use in Nez Perce County with a priority date of January 1, 1878, based on beneficial use.

On June 2, 1999, the State of Idaho filed an *Objection* in multiple subcases, including subcase 85-15264, objecting to priority date and alleging that the water right should not exist. On September 17, 1999, the United States filed an *Objection* to points of diversion and place of use.

On August 29, 2002, the United States and certain "private parties" filed a *Stipulation and Joint Motion for Order Approving Stipulation* in multiple related subcases, including subcase 85-15264. As part of the *Stipulation*, the private parties agreed to dismiss their objections and responses and "for claims on lands administered by the Bureau of Land Management, the United States shall receive a water right with a priority date which is the later of a) the claimed priority date or b) June 28, 1934."

On September 5, 2002, the Special Master entered an *Order Granting Withdrawal of Objections and Responses*. On April 21, 2003, the Special Master entered an *Order Dismissing State of Idaho Objections* based on the private parties' *Stipulation*. Finally, on June 9, 2004, the

United States, with IDWR's concurrence, filed a *Standard Form 5* agreeing to a June 28, 1934 priority date and changes in the point of diversion and place of use.

Conclusions of Law

The United States America is entitled to a partial decree adjudicating a water right under claim 85-15264 as described in the *SF-5* and the attached *Special Master Recommendation for Partial Decree for Water Right 85-15264*.
