**IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT
OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS**

In Re SRBA	)	
	)	
Case No. 39576	)	Subcase Nos. 47-16433, <i>et al.</i>
	)	See Attachment A
	)	
	)	JOINT STIPULATION TO CORRECT
	)	ERRORS IN WATER RIGHT
	)	DESCRIPTIONS
	)	

COMES NOW the United States of America, through and on behalf of the USDA Forest Service ("United States"), and Scott Bedke, Karl U. Bedke, Patricia Bedke and Michael Poulton ("Private Claimants"), by and through their counsel of record, and hereby submits this *Joint Stipulation to Correct Errors in Water Right Descriptions*.

The United States and Private Claimants previously reached a settlement on their objections to the others' water right claims in the SRBA in Basin 47. The United States'

claims are those listed in Attachment A, and the Private Claimants' claims are subcase nos. 47-14923A through E.¹ The settlement, or the *Stipulation and Joint Motion for Order Approving Stipulation* ("Stockwater Stipulation"), was filed with this Court in this matter on August 29, 2002.

As part of that settlement, the Private Claimants agreed to have the following language included in their water right claims descriptions:

Quantity:

This right shall be used in conjunction with right no. (47-16433, etc.) and is limited to a total combined diversion rate of .02 cfs and a total combined quantity of 13,000 gallons per day.

Other Provisions Necessary for Definition or Administration of this Water Right:

The operation, use, and administration of this water right is also subject to the terms and conditions of the stipulation and joint motion for order approving stipulation entered into on August 29, 2002 between the United States of America and Scott Bedke, Karl U. Bedke, and Michael Poulton, filed in the office of the Cassia County recorder and recorded on June 6, 2003 as instrument no: 289179; the provisions of such stipulation to apply fully to this water right.

As with the Private Claimants' water right claims, the United States also agreed to have similar language included in its water right claims descriptions. Unfortunately, through clerical oversight, the parties neglected to have these remarks included in the United States present water right claims descriptions. Therefore, the parties stipulate to have the following remarks inserted into the United States' water right claims (see complete set of water right descriptions at Attachment B):

¹ Subcase nos. 47-14923A-E concern water right claims filed by Winslow Whiteley, Bruce Bedke, Gary Russell Poulton, and Ray C. Bedke. Due to changed circumstances and new owners regarding these claims, the parties filed *Notices of Change of Ownership* with the Idaho Department of Water Resources to reflect the present owners. IDWR issued a Notice of Completed Administrative Proceeding ("NCAP") on May 28, 2004 substituting parties and splitting the water rights. This stipulation only concerns split water right claim nos. 47-17129, 47-17131, 47-17133, 47-17135 and 47-17137 held by Scott Bedke, Karl U. Bedke, Patricia Bedke and Michael Poulton and does not affect the water right claims held by Bruce and Jared Bedke.

Quantity:

This right shall be used in conjunction with water right no. (47-17129 etc.) and is limited to a total combined diversion rate of .02 cfs and a total combined quantity of 13,000 gallons per day.

Other Provisions Necessary for Definition or Administration of this Water Right:

The operation, use, and administration of this water right is also subject to the terms and conditions of the stipulation and joint motion for order approving stipulation entered into on August 29, 2002 between the United States of America and Scott Bedke, Karl U. Bedke, and Michael Poulton, filed in the office of the Cassia County recorder and recorded on June 6, 2003 as instrument no: 289179; and the stipulation between United States and Patricia Bedke, entered into on June 10, 2004, filed in the office of the Cassia County recorder and recorded on June 8, 2004 as instrument no. 296141, the provisions of such stipulations to apply fully to this water right.²

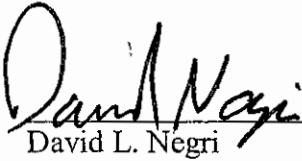

The above language is consistent with the settlement entered into by the parties and was only left out by oversight. Accordingly, the parties respectfully request that these remarks be included in the Special Master's final Report and Recommendations for the water rights listed in Attachment A.

² As a result of the NCAP Patricia Bedke became a party to these subcases. Ms. Bedke had not been a signatory to the Stockwater Stipulation. On June 10, 2004 the parties filed a *Stipulation Between United States and Patricia Bedke* that fully incorporates by reference the Stockwater Stipulation. The Stipulation with Ms. Bedke was recorded in Cassia County on June 8, 2004, and is included in the language to be inserted on the partial decrees.

DATED this 28th day of June, 2004.
