Re: *Dorothy Curtis Trust/Water Right No. 29-4271*

Dear Candice and Ernie:

This will follow up on our discussions following the initial hearing on this matter April 22, 2004.

At the conclusion of our discussions, Ernie indicated that if we would submit a letter from Delbert Christensen setting forth his personal knowledge and observations concerning the irrigation practices, a SF5 Settlement Agreement could be entered into providing for this water right with the claimed April 1, 1940 priority date and a quantity of 0.35 cfs. The place of use will be identified based upon the map prepared by Delbert Christensen and attached to his letter.

Accordingly, I am enclosing a sworn letter signed by Delbert Christensen with attached map.

Also enclosed is a Form 42-248 Notice of Change in Water Right Ownership, together with our check in the amount of \$25 for filing fees. This is to reflect the Dorothy C. Curtis Trust is the

SCANNED

Page 2

proper owner, in care of Delene C. Covert, Trustee. Delene C. Covert inadvertently filed the claim in this matter in her name individually, although her intent was to file as trustee of the Trust.

Based on this information, would you kindly prepare and forward a proposed SF5 Settlement Agreement. If you have any questions or need additional information, please contact me. Thank you for your cooperation and assistance in settling this matter.

Sincerely,

RANDALL C. BUDGE

*Re: Dorothy C. Curtis Trust
Subcase No. 29-04271*

Dear Mr. Carlson:

This letter is written pursuant to your request following our discussions at the initial hearing of this subcase held before Special Master Brigitte Bilyeu on April 22, 2004. The claimant is the Dorothy Curtis Trust. Dorothy J. Curtis died in December, 2002. She was predeceased by her husband Guy Curtis, who died in 1985. Guy and Dorothy Curtis filed a Form 243 "Claim to a Water Right" on November 24, 1982. The information contained in this claim was the basis of the Claim to Water Right No. 29-4271 filed by Delene C. Covert as Trustee of the Dorothy Curtis Trust. Delene C. Covert and my wife Deanne Christensen are the daughters of Guy Curtis and Dorothy J. Curtis and are the beneficiaries of the Dorothy Curtis Trust. At their request I assisted them in preparing and filing the Standard Form 1 Objection. The information contained in the attached Statement in Support of the Objection, together with the attached Exhibits A, B and C are true and correct to the best of my knowledge, information and belief.

To further substantiate and support the Trust's Water Right Claim No. 29-4271, particularly the claimed priority date of April 1, 1940, you requested I send you this letter to set forth and confirm my personal observations and knowledge of the irrigation practices.

I was raised in the area and as a small boy remember seeing in the early 1950s a Minneapolis Moline diesel tractor with a portable pump located in the south end of the pond in the NW1/4 NW1/4, Section 2, Township 11 South, Range 37 East, Bannock County, Idaho. The tractor and pump were used to pump water from the pond into a 1/4 mile hand line sprinkler which was used to irrigate land located to the north and west of the pond. I estimate approximately 48 acres were irrigated as described in the Notice of Claim. Attached is a map which identifies the pond, the location of the tractor and pump, and the irrigated land.

Ernest Carlson
Page 2
May 7, 2004

The same irrigation practices continued and I was on the property more frequently beginning in 1962, when my wife Deanne and I were married. The same irrigation practices continued by my father-in-law Guy Curtis until the property was put in the Conservation Reserve Program in the fall of 1986. The property has remained in the CRP program under four different contracts which currently run through September 30, 2007. A copy of the CRP contracts are attached as Exhibit B to the Standard Form 1 Objection. The water was not used while the property was enrolled in the CRP program, at which time there was no abandon or forfeiture in accordance with Idaho law.

DELBERT CHRISTENSEN

STATE OF IDAHO)
 : ss
County of Bannock)

The undersigned, being duly sworn, deposes and says that the foregoing information and the matters and facts therein are true and correct to the best of his knowledge, information and belief.

DELBERT CHRISTENSEN

SUBSCRIBED AND SWORN TO before me this 12th day of May, 2004.

MEMORANDUM

DATE: July 24, 2003

FROM: Ernie Carlsen

TO: 29-4271

RE: Telecon with Delbert Christensen

The father of Mr. Christensen's wife owned and operated the property covered by this claim. He remembers the sprinkler irrigation system and believes the property was last irrigated in 1985 just a couple of years before the property was entered in CRP. I sent him an objection form and color aerial of the property. On the aerial photo he agreed to outline the land irrigated and to provide a written statement describing the irrigation system and when it actually started. He will submit this information along with the objection form.

There is no evidence of irrigation because the system was all portable consisting of a tractor pump, portable mainline and hand line.

Dear Mr. Carlson,

On January 4, 2002 I met with you in your office to discuss filing Claim No. 29-4271 for retention of water rights. This meeting was a response to the letter I received from the Department of Water Resources, Civil No. 39576 – Second Round Service of Commencement Notice - Basin 29.

I am the trustee for my elderly mother's estate. She and her family want to preserve the water rights. I have followed your recommendation to find verification of water use on her land, known as the Christensen Place, located in Section 2, T11S R37E, (Tax Parcel Nos. R4433000500 and R4433000702) between the years 1940-1982. The attached letter provides a statement from my sister-in-law, wife at the time to my brother who worked that farm. Also included is a letter from Dale Criddle, who owned the farm just west of the property in question.

Enclosed, also, is a check in the amount of \$148.00 for the filing fee. Please advise what steps follow.

Respectfully,

Delene C. Covert

Dear Mr. Carlson,

In 1953 I bought a farm just west of Guy Curtis' land which he called the Christensen Place. I remember seeing Guy irrigate with a pump from his tractor during the mid 1950's. I remember him getting his tractor with pump stuck in the water below the dam that held the water in the pond.

Dear Mr. Carlson,

In further response to filing claim No. 29-4271 for retention of water rights, I have enclosed one additional testimony which verifies the use of water on my mother's land, known as the Christensen Place, located in Section 2, T11S R37E (Tax Parcel Nos. R4433000500 and R4433000702).

This letter and the two I sent you earlier this week are in response to the letter I received from the Department of Water Resources, Civil No. 39576 – Second Round Service of Commencement Notice – Basin 29.

Thank you for your assistance in getting the claim filed.

To whom it may concern:

I can recollect Guy Curtis using a tractor and pump to water land on his farm, which we call the Christensen Place, during the later 1960's and early 1970's. This water was pumped from a small pond on the West side of the property.

Sincerely,

Delbert E. Christensen
