Cutler Ditch

I, Kenneth Andrus and my brother Jim Andrus leased Roger Johnson's farm from 1975 to 1980. Our older brother John Andrus and his sons had leased it for some years before that, so we were also knowledgeable of the watering practices of those years. We irrigated the ground that lays north of Highway 30 from the Cutler Ditch. We used a portable sprinkler to do this, except at least one year, we flood irrigated the field directly west of Crystal Springs road, now owned by Forrest Whitworth. The ground laying south of Highway 30 (both east and west of Roger Johnson's house), and north of the Portneuf River, we irrigated by pumping from the Portneuf River. Roger Johnson told us he had also irrigated this ground by pumping and showed us where he put his pump in the river.

During the years 1981 and 1982, Randy Morris, of Arimo, leased Roger Johnson's farm and also irrigated the ground north of Highway 30 from the Cutler Ditch and the ground south of Highway 30 to the Portneuf River by pumping from the river.

It was at this time (1981-1982) that the land north of Highway 30 was divided and sold to several different owners. One of the new owners, probably the first year of his ownership, planted corn, apparently for wildlife to eat in the winter. He used water from the Cutler Ditch. Since that time, until 2002, we only know of water being transported through the Cutler Ditch no more than probably once or twice. During the summer of 2002, water was transported through the Cutler Ditch and Roger Johnson irrigated the ground east of his house, south of Highway 30 to the Portneuf River, by taking water under Highway 30. That is the first time that any ground south of Highway 30 had been irrigated by Cutler Ditch water since several years prior to 1975.

Marcia Kelley purchased most of the remainder of Roger Johnson's farm (he retained some acres) and she agreed to sell us her portion of the Cutler Ditch rights. Since it was mortgaged she had to wait until the mortgage was cleared, whereupon we purchased her Cutler Water rights from Mid-Ohio Securities.

Since that time, there has been objection to us transferring our purchased share to a different point of diversion, up the river to Bob Smith Creek. One of the objections is that the other Cutler Ditch right holders need the full compliment of Cutler Ditch water

turned in at the diversion in order for the water to reach the ground being irrigated, because of considerable shrink due to the long length of the Cutler Ditch.

Since the Idaho Department of Water Resources has apparently recognized a change of diversion for Cutler Ditch water used on the ground between Highway 30 and the Portneuf River, west of Roger Johnson's house, as being taken by pump from the Portneuf River; the Watermaster then if he delivered the full compliment of water originally decreed to the Cutler Ditch, he would be doing it illegally.

Therefore the argument that the remaining share holders of the Cutler Ditch need the full Cutler Ditch decreed amount to carry their water down the Cutler Ditch is invalid since the ground between Highway 30 and the Portneuf River west of Roger Johnson's house, now owned by Leon Hardcastle, was irrigated by pumping directly from the Portneuf River. This is the water in question. It was sold to Kenneth and Jim Andrus.

Whether or not a change in point of diversion is granted is irrelevant to the remaining rights in the Cutler Ditch since this amount of water has already been taken out of the Cutler Ditch through an established point of diversion change to the Portneuf River.

RE: Split portions of the Cutler Ditch water rights 29-11253 and 29-12053

Gentlemen:

Enclosed you will find copies of the split portions of the water right claims appurtenant to the respective properties and an attached GIS illustration. I realize this is a somewhat confusing matter; therefore, I am forwarding this data prior to the Preliminary Director's Report. Hoping that, if there are errors or other matters not considered in the splitting of the water rights you would notify me so that they (it) might be corrected.

Attached hereto, you will also find notes explaining how the water rights were split based upon acreages. And the notes herein are only a guideline by which the splitting occurred. The actual water right recommendation to be presented in the Preliminary Director's Report, may, and probably will, differ from the claims as shown. Some of the elements may change to reflect actual usage.

You **do not** need to sign and/or return these documents to me; they are for your records. However, if you should find errors or should you have questions please feel free to contact me. And, thank you all for your patience and cooperation.

Respectfully submitted,

Allen B. Ruberry

29-12557 DISALLOWED - CROSS CLAIMED OF 29-12053.

I. BOTH RTs ABOVE ARE CLAIMED IN THEIR ENTIRETY BY CUTLER DITCH, % ROGER JOHNSON.

A. CLAIMS INCLUDE LANDS NOW OWNED BY L. HANDCASTLE WHO BY DEED BOUGHT THE LANDS W/O WATER RTs.

1. ALL PREVIOUSLY APPURTENANT WATER RIGHTS WERE SOLD TO KEN ANDRUS (NO TRANSFER FILED-TO DATE).

B. LANDS OTHER THAN HANDCASTLE LANDS WERE SOLD OFF TO VARIOUS PEOPLE W/ PORTIONS OF CUTLER DITCH RTs.

1. PRESENT DAY USERS OF CUTLER DITCH, INCLUDING ROGER JOHNSON, HAVE FORMED CUTLER DITCH WATER ASSOC. UNDER WHICH THE REMAINING PARTS OF THE ABOVE RTs WILL BE RECOMMENDED.

II. A COMPARISON OF ASCS ACREAGE, CLAIM ACREAS AND GPS ACREAS WAS MADE.

A. CUTLER DITCH CLAIMS 145<sup>3</sup> AC

B. ASCS PHOTO COPY SHOWS 115<sup>6</sup> AC

C. GPS ACREAS 115<sup>3</sup> AC

1. GPS ACREAS WILL BE THE BASIS OF THE SRBA RECOMMENDATIONS OF BOTH REFERENCED CLAIMS. HOWEVER, THESE RIGHTS (TO BE SPLIT) WILL ALSO HAVE CF AND AC LIMITS BASED ON THE SPLIT ACS.

a. CUTLER DITCH WILL GET 74/116<sup>(115<sup>3</sup>)</sup> OF EACH RT.

b. ANDRUS WILL GET 42/116 OF EACH RT.

III. ONCE PD's ARE ISSUED FOR EACH RT RECOMMENDED, BOTH CUTLER DITCH ASSOC AND ANDRUS PLAN TO FILE TRANSFERS ON THEIR PORTIONS OF EACH RT.

A. SEE ATTACHED SPLIT HISTORY.

He seems to understand, however, he would like  
Anorus to leave the Rts 'in place', at least until  
the <sup>(PD's)</sup> Decrees are issued. I further explained  
that I too have discussed that very thing w/  
Anorus and he is in agreement.

I only want Cutler Ditch Water Assoc. to be aware  
that the 3.54 cts addressed in their By-Laws will  
be proportionately reduced due to the Anorus shares  
(of each) to be split off.

Upon Return to Reno, Roger will discuss this w/  
Cutler Ditch members, and Anorus, then call me for  
further discussion.

RE: Transfer to change the point of diversion 29-00056, 29-00055, 29-00247, & 29-00248

DISALLOWED

Dear Mr. Vaughn:

SRBA

Enclosed is the application for transfer for the above number water rights and check #1, in the amount of \$450.00.

The application for transfer is being returned for several reasons. The application for transfer filing fee (for 3.54 cfs) should be \$370.00, there is no evidence that the Cutler Ditch is a legal entity, there has been a change made on the form (form is in pencil), and there is some question as to the water rights involved in the transfer. In addition, the letter from Portneuf Marsh-Valley Canal Company indicates that the transfer is for 5.74 cfs.

The following are the adjudication claims filed under the name Cutler Ditch:

|            |          |            |          |                                                                           |
|------------|----------|------------|----------|---------------------------------------------------------------------------|
| DISALLOWED | 29-00041 | 07/01/1889 | 1.40 cfs | Right also claimed under A29-12079 by Indian Falls Property Association   |
| DISALLOWED | 29-00054 | 05/01/1909 | 0.80 cfs |                                                                           |
| DISALLOWED | 29-11253 | 05/01/1896 | 1.56 cfs | Combination of 29-00055 & 29-00056? OK                                    |
| DISALLOWED | 29-12053 | 07/06/1868 | 1.98 cfs | Combination of 29-00247 & 29-00248                                        |
| DISALLOWED | 29-12557 | 07/06/1868 | 1.98 cfs | Combination of 29-00247 & 29-00248<br>Decree has Toponce Creek as source. |

Since the adjudication staff is currently in the process of assessing Basin 29 adjudication claims filed in the Snake River Basin Adjudication, transfers for water rights within basin 29 will be held until there has been a review of the claim(s), and a recommendation has been made for these water rights.

A transfer may be submitted to change a point of diversion for water rights in basin 29, but the transfer will be held until an adjudication recommendation has been made. For your convenience enclosed is a new transfer form and a proof report for both the water rights and adjudication claims.

Sincerely,

Keith C. Wilson
