Re: 29-10783 – Amended Director's Report

Dear Special Master Bilyeu:

By order dated May 7, 2004, the Court has requested that the Idaho Department of Water Resources file an Amended Director's Report in the above listed subcase by today, June 25, 2004. However, the Department is not prepared to do that at this time since an amended claim changing the priority date from 1978 to a date prior to 1971 is required from the claimant.

By letter dated May 21, 2004, to Gordon and Cindy Lawlor, the Department sent an amended claim to the parties. However, to date, the amended claim has not been received. I spoke with Mr. Lawlor today and he is reviewing the documents.

I am requesting that the Amended Director's Report deadline be extended to July 23, 2004, and the objection and response deadlines be amended accordingly. There is a status conference set in this matter for July 28, 2004 at which times the parties and the Department can update the court as to the status of this subcase. If you have any questions concerning this matter, please call me at (208) 327-5404.

Very Truly Yours,

Candice M. McHugh
