	)	
	)	FOR WATER RIGHTS: 67-13072,
	)	67-13261, 67-13281, 67-13282

A *Special Master's Report and Recommendation* was issued on June 2, 2004 in the above subcases.

A clerical error was made in subcases 67-13072, 67-13261, 67-13281, and 67-13282. During a hearing on July 31, 2003, Special Master Thomas R. Cushman had ordered Amended Director's Reports from the Idaho Department of Water Resources in those cases to determine priority date for water rights appurtenant to after-acquired lands by the United States, Bureau of Land Management. No Amended Director's Reports were filed. Therefore, subcases 67-13072, 67-13261, 67-13281, and 67-13282 should not have been recommended in the June 2, 2004 *Special Master's Report*. Because of the error, on June 18, 2004, Special Master Cushman ordered the *Master's Report and Recommendation* withdrawn.

Because of Special Master Cushman's June 30, 2004 retirement, the SRBA Court has rescinded the *Order of Reference* in the above subcases. The Court finds that it is appropriate that Presiding Judge John M. Melanson proceed in the above subcases in the manner set forth in *Administrative Order 1* for Special Masters. Therefore, in the above cases, Presiding Judge Melanson will issue *Special Master's Reports and Recommendations*, and parties outside of the subcases will be allowed to make *Motions to Alter or Amend* in the same manner as set forth in *AO1* for proceedings before Special Masters.

On June 30, 2004, Standard Form 5/*Stipulated Elements of a Water Right* forms were filed in

the above subcases, signed by the Claimant with IDWR's concurrence. The *Standard Form 5/Stipulated Elements of a Water Right* form for subcase 67-13072 stated that the Claimant and IDWR agreed and stipulated that the water right be dismissed with prejudice. The *Standard Form 5/Stipulated Elements of a Water Right* forms for subcases 67-13281, 67-13261, and 67-13282 all stipulated that the rights be decreed with state-based beneficial use priority dates.

CONCLUSIONS OF LAW

Therefore, based on the file and record herein and pursuant to the *Standard Form 5* forms, IT IS RECOMMENDED that water rights 67-13281, 67-13261, and 67-13282 be decreed with the elements as set forth in the attached *Recommendation for Partial Decree Pursuant to I.R.C.P. 54(b)*.

IT IS FURTHER RECOMMENDED that water right 67-13072 be disallowed with prejudice.
