RE: CHANGE IN OWNERSHIP FOR A22-07280, A22-02223, AND
A22-12251

Dear Mr. Riley:

The request for Change in Ownership concerning the Notices of Claim in the above reference (A22-02223 and A22-12251) has been processed and the names changed to show you as the current owner. A22-07280 was split into two separate portions.

Enclosed are "copies" of A22-02223 and A22-12251 for your records. Also enclosed is A22-07280B for a portion of water right A22-07280.

Jim Howe has died and Mrs. Rowan requested the water rights be in her name (they were formerly in both names).

Since you purchased 205 acres of land from Catherine H. Rowan, the above mentioned water right, A22-07280, has been split into A22-07280A and A22-07280B. A22-07280B gives you 3.020 cfs for 205 acres and A22-07280A with 7.790 cfs on 529 acres is the remaining portion belonging to Mrs. Rowan.

Review the forms and if there are other corrections or questions, feel free to contact this office (525-7161).

If there are no questions or corrections, please keep these Notices for your records.

Respectfully submitted,

Dave Carlson

Dear Mr. Howe:

Enclosed are four adjudication claims that were submitted to this office on 26 August 1988 (mailed on 25 August 1988), and check #1312 for \$25.00 and check #1313 for \$1044.00. Several problems require that they all be returned.

The two adjudication claims based on license #22-2223 (G-30510), and permit 22-7280 are correct but cannot be receipted because check #1313 exceeded the \$834.00 filing fee. All that needs to be done is to return them with the correct filing fee.

I have found no basis for the third adjudication claim for 160 acres. There are no licenses, permits, or applications on file with the department. Therefore; it will be necessary that an application for permit be filed to establish a water right. Enclosed is a blank application for permit with instructions.

In order to address the problems on the forth claim a copy is enclosed with possible corrections indicated in red. It would appear that the filing fee would be \$50.00 plus the variable fee for commercial use (\$100.00 per cfs i.e. $0.02 \text{ cfs} \times \$100 = \$2.00$). Irrigation in excess of the 37 acres under 22-2223 & 22-7280 would require an application for permit to establish a right. Also an application for permit is required if the commercial use was established after March 25 1963. The irrigation and commercial use can be filed on the same application for permit.

Please feel free to call this office for assistance.

Sincerely,

Keith C. Wilson
