Subject: Amended Claims for Diamond T Ranch

Dear Randy:

Inserted are the two amended claims for Diamond T Ranch. The claims reflect a permissible place of use of 308 acres with three points of diversion and total diversion rate of 3.12 cfs. Please call if you have questions.

Re: *Claimant: Diamond T Ranch, L.L.C.*
Subcase Nos. 29-07489A and 29-04277

Dear Ernie and Candice:

This will follow up on our July 16, 2004 conference call regarding the above matter. Based upon a review of the history and files pertaining to these water rights and the prior use, which we have further documented by the supporting Affidavits of the well driller, Forrest Cagle, and prior owner, Virgil Jahnke, it is my understanding that the Department would be willing to enter into a settlement agreement encompassing the following terms:

1. Water Right No. 29-2433 would be disallowed. The water that could be proved up on under that right, a total of 1.10 cfs (assuming the historic use consisted of three 1/4-mile hand lines with 5/32s inch nozzles times 99 nozzles times 5 gpm) would be recommended as a "beneficial use" claim under Right No. 29-4277.
2. Right No. 29-4277 would be recommended for 1.10 cfs with a priority of 10/17/1960.
3. Right No. 29-7489A would be recommended for 2.02 cfs with a priority date of 10/11/1985.

Ernest Carlson
July 21, 2004
Page 2

4. Since the systems are interconnected, the three existing wells would be reflected as the points of diversion under both of the allowed rights as follows:

Township 11 South, Range 37 East, Bannock County:
Section 20: SW NE, NW SE, NE SE

5. Both rights would have a common 308 acre place of use. The place of use is irrigated by two center pivots with 34 irrigated acres per quarter, plus 36 acres under wheel lines described as follows:

Township 11 South, Range 37 East, Bannock County:
Section 20: SE SE 34 acres
SW SE 34 acres
NE SE 34 acres
NW SE 34 acres
NW NE 34 acres
SW SE 34 acres
NE NW 34 acres
SE NW 34 acres
Section 17: SE SE 36 acres
308 acres

* { Enclosed is a map we have prepared reflecting the three points of diversion, the pivot centers, the wheel lines and the place of use. The applicant Diamond T has approved of a settlement on this basis. If this meets with your approval, Ernie would you please prepare and forward the Amended Claims for 29-07489A and 29-04277. We are prepared to file a Standard Form 4 Motion to File Amended Notice of Claim which can be served and noticed up for hearing on August 18, 2004 at 9:00 a.m., as set by Special Master Bilyeu at the June 30, 2004 settlement conference.

Please advise if you have any questions or concerns.

Sincerely,

RANDALL C. BUDGE

Re: *Claimant: Diamond T Ranch, L.L.C.*
Subcase Nos. 29-07489A, 29-2433, 29-04277

Dear Ernie:

This will follow up on the above-referenced matter. You will recall at the April 21, 2004 Status and Scheduling Conference in Pocatello before Special Master Bilyeu we agreed to provide an Affidavit establishing that these three wells were interconnected as a single system prior to 1987. Based upon that, we would amend all three claims to show the common place of use for the combined total of 308 acres and the Department would agree to a SF5 Settlement Agreement.

Enclosed is a copy of the supporting Affidavit of Virgil Jahnke which we have secured for the purpose of establishing that the wells were all interconnected and used in combination to irrigate by center pivot the 308 acres at the time he acquired the property in approximately 1986. The interconnected use continued during the 10 years Jahnke owned the property from 1986 to 1996, and is continued to date by the current owner Diamond T Ranch, L.L.C., owned by Phil Adams. Also enclosed is a copy of an additional supporting Affidavit being obtained from the well driller, Forrest Cagle, to substantiate that he drilled two of the wells in 1960. That further substantiates the priority date. Mr. Cagle's Affidavit has been mailed to him and I expect to have it back in the next few days. Also attached are the proposed Standard Form 4 Amended Notice of Claims which we have prepared to file for each of these three rights, along with the supporting Affidavits.

 County of Power)

VIRGIL JAHNKE, being first duly sworn under oath deposes and states that the following is true and correct to the best of his knowledge, information and belief:

1. I am a resident of the State of Idaho and reside at 2747 Fairgrounds Road, American Falls, Idaho 83211.
2. I previously owned and operated certain farm land in south Bannock County near Downey located in Sections 17 and 20, Township 11 South, Range 37 East. I acquired this property in approximately 1986 and sold it in approximately 1996 to the current owner, Diamond T Ranch, L.L.C., owned by Phil Adams. During the period of time I owned and operated this property, there were a total of 308 acres irrigated by three separate wells under Water Right Nos. 29-04277, 29-02433, and 29-07489A.

SUPPORTING AFFIDAVIT OF VIRGIL JAHNKE - 1

3. At the time I purchased the property the wells were interconnected by some portable main lines so that the wells could be used in combination to irrigate by center pivots the 308 acres. A few years after I acquired the property, I converted the portable main line to buried main line interconnecting the three wells providing water to the center pivots.

4. From my discussions with the previous owner, the wells were interconnected and used in the same fashion for a number of years before I acquired the property.

SUPPORTING AFFIDAVIT OF VIRGIL JAHNKE - 2

OF FORREST CAGLE**

STATE OF IDAHO

: 55

County of Bannock

FORREST CAGLE, being first duly sworn under oath deposes and states that the following is true and correct to the best of his knowledge, information and belief:

1. I am a resident of the State of Idaho and reside at 20585 S. Tool Road, Downey, Idaho. I was a well driller in business from the mid-1950s until I retired in 2001.

2. In approximately 1960, I drilled two wells on a farm in south Bannock County near Downey located in Sections 17 and 20, Township 11 South, Range 37 East, commonly known as the Virgil Jahnke place. I drilled the wells for the owner, who was before Virgil Jahnke acquired the property. After the wells were drilled, pumps and diesel engines were connected to pump the wells to provide irrigation water to the property. Some years later I believe the wells were changed over to an electric motor and pump. As I recall, the wells were interconnected by portable main lines

SUPPORTING AFFIDAVIT OF FORREST CAGLE - 1

so they could be used in combination.

3. As I live in Downey, I have been able to observe that these wells have been continuously pumped to provide irrigation water. The hand lines have been replaced by center pivots, either by Virgil Jahnke or his predecessor. The wells and center pivots are still being used by the current owner, who I understand is Diamond T Ranch, L.L.C., who acquired the property from Mr. Jahnke.
