

MEMORANDUM

To: 63-4845
From: Denise Buffington
Date: July 23, 2004
Subj: New Claim from Powers

We received the above referenced claim 7/22/04. Under item number 6, Mr. Powers had listed Irrigation use. However, this claim was filled out on a Domestic form and he circled Domestic on page 2. We only received \$25; and there was no notary for the signature.

When Mr. Powers returned our phone call, I verified with him that this claim is for irrigation purposes. He said he irrigates less than 1 acre, and wishes to file for that. The original water right indicated .66 acre and he said this is correct. His claim was notarized on 7/23/04 and we received the additional \$26 filing fee.
