) (USDI / BLM)
 Case No. 39576)
) SPECIAL MASTER REPORT

Findings of Fact

The Director of the Idaho Department of Water Resources filed his *Director's Report for Domestic and Stockwater, Reporting Area 22 (IDWR Basin 84)* on March 19, 1999. The Director recommended claim 84-12015 to the United States of America, Department of Interior, Bureau of Land Management, Idaho State Office, 1387 S. Vinnell Way, Boise, Idaho, 83709-1657, for .02 cfs from the Clearwater River for year-'round stockwater use in Idaho County with a priority date of November 18, 1895, based on beneficial use.

The State of Idaho filed an *Objection* on June 2, 1999, objecting to priority date and alleging the water right should not exist. The United States filed an *Objection* on September 17, 1999, objecting to point of diversion and place of use.

On August 29, 2002, the United States and certain "private parties" filed a *Stipulation and Joint Motion for Order Approving Stipulation* in multiple related subcases, including 84-12015. As part of the *Stipulation*, the private parties agreed to dismiss their objections and responses and "for claims on lands administered by the Bureau of Land Management, the United States shall receive a water right with a priority date which is the later of a) the claimed priority date or b) June 28, 1934."

On September 5, 2002, the Special Master entered an *Order Granting Withdrawal of Objections and Responses* in the same multiple subcases objected to by the private parties. On June 11, 2003, the Special Master entered an *Order Dismissing State of Idaho Objections* based on a *Stipulation to Resolve Objections* filed by the United States and the State. Finally, on June

8, 2004, the United States, with IDWR's concurrence, filed an *Amended Claim Standard Form 5* agreeing to a priority date of June 28, 1934, and amended point of diversion and place of use.

Conclusions of Law

The United States is entitled to a partial decree adjudicating a water right under claim 84-12015 as described in the *Amended Claim SF-5* and the attached *Special Master Recommendation for Partial Decree for Water Right 84-12015*.
