TO WHOM IT MY CONCERN:

I was born in 1912 and was raised on what is known as Goe Flat east of Heise. My father had homesteaded this property in about 1900. At a very young age, when I was about ten years old which would be around 1922, I remember my father having my older brothers and I haul dirt in a wheelbarrow from the hill to make a levee so we could use the water from the spring. My father was determined to get water on the place but because of the lack of equipment we were never able to spread it around effectively. However the ditches I helped make back then remain today to testify of my efforts.

I got married in 1933 and moved away from the home place. My sister, Althea and her husband, among others ran the place until mother sold it. In 1944 George T. Lufkin bought it and they have continued to make an effort to spread some water around since that time.
