Re: Water Right No. 31-116

Dear Mr. And Mrs. Knotwell:

This correspondence is to follow up on my telephone call to you several weeks ago during which I explained that there is a data entry error in the recommendation IDWR made to the Snake River Basin Adjudication (SRBA) Court regarding the above water right. I have enclosed the recommendation with the diversion rates circled so that you can better see the discrepancy.

The correct diversion rate for this right is 0.80 cfs as it appears in the quantity section of the recommendation. However, you can see that this quantity conflict with the error in the Purpose and Place of Use Quantity of .60 cfs. This quantity should also be 0.80 cfs.

Because IDWR is not a party to the SRBA, and the Basin 31 recommendations are now before the Court, we cannot correct this error without an objection. Therefore, I have enclosed an objection form. Please fill out the form and mail it to the SRBA Court in Twin Falls, Idaho. Also, the objection period has ended for Basin 31 recommendations, so please attach a letter to the objection form with a short explanation as to why you are filing the late objection.

Please call me if you have questions regarding this process at (208) 327-7928.

Sincerely,

Vicky Music
