

Called Alice Duke for the church - left message

- called back

200-2506 and Dee Cannon - 208-522-2237

- managing the ir. Brice Hill - 520-9715 call 521-2215

through beavers

- fish ladders

- working with fish and game

called Candice (our attorney) and she says natural divisions are able to divert water (including beaver ponds)

Use property as Range land so water is just grazing grass.

there is no hay harvesting - Dams are built on the original ditches and streams. Property consists of open range and willows - all is irrigated

- was harvesting hay in 87 - stopped in about 91

Key
