RE: Notice of Claim A22-07292

Dear Claimant:

The Idaho Department of Water Resources (IDWR) is returning your Notice(s) of Claim to a Water Right because of insufficient information and/or fees. All items on the forms must be completed and fees submitted before the IDWR can process the notice(s).

A Notice of Claim to a Water Right must be filed in the Snake River Basin Adjudication at this time for all purposes commencing prior to November 20, 1987, except for some domestic and stock uses not exceeding 13,000 gallons per day. Failure to record a Notice of Claim for all other uses will result in forfeiture of the water right. However, the IDWR recommends that notices also be filed for domestic and stock purposes for various reasons.

Please correct the items identified below and return the notice(s) to the IDWR within 30 days of the date of this letter. If the corrected forms are not returned within the 30-day period, the filing fee previously paid for the notice(s) will be refunded and the record will be removed from the IDWR records. If the corrected notice(s) are returned to the IDWR after the refund has been made, each notice will be assessed an additional late fee.

The date of priority must be entered in Item #2. This is the month, day, and year water was first put to beneficial use. If the priority date is after March 25, 1963, an Application for Permit is necessary. Our records indicate the priority date of Permit 22-7292 is September 23, 1985, rather than June 25, 1981, as you indicate in Item 2. Please correct this item on the notice or contact our office to discuss the matter further.
