Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely,

DAVID B. SHAW

Dear Sirs:

I can verify that the Tetonia City decree has been delivered for the last ten years, at least. Water from this decree has been used on the entire city, both Sec. 28 and Sec. 29.

The source of this water is Spring Creek and the Tetonia Canal is the means of diversion.

yours truly,
Deed Brien
Deputy Watermaster

To Whom it May Concern
 In March 16 1942 Warren
 Fullmer bought 18 acres of land
 in Tetonia Idaho from the

The Union Central Life Insurance
 Company. This 18 acres had been
 declared as acreage instead of
 Tetonia City lots quite some
 years before and had been taken
 over by Union Central ~~Life~~ Life
 on an unpaid debt. Before the
 18 acres of land had been rented &
 used as acreage. The one person
 whom I rented & who had grown
 hay on it before Warren Fullmer bought
 it was Edzel Egbert. Mr Egbert
 had hay growing on it when
 Warren Fullmer bought the ground
 and the hay was irrigated on a
 regular basis. When W Fullmer
 bought the ground he had 18 acre ft
 of high water rights & Fullmer grew
 potatoes also what was known as the

Seth Hansen was Water Master Warren Fullmer was Water Master over this ditch that led off of a main Canal. Seth Hansen would tell W Fullmer when Water was high to inform those using this ditch then Warren would notify those using the ~~old~~ Tetonia Canal

Some times there was plenty of water for all share holders to use water. When water got lower there share holders would rotate & each take a turn. If the water got so low decrees would be cut to stockholders would be cut off, then at times the
