Map should show the location of the point of diversion and the place of use of the water by 40-acre subdivisions, and the place of the public land survey system.

deves

25-4301
15-4080

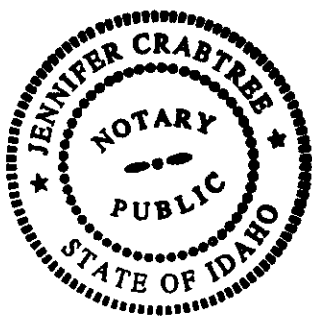

All these places were all old Home Steads Early in the 1900s. I was born in 1919 and I remember the Levi Barge home and the apple trees they would water.

They had two canyons to draw water from. They would raise hay for their stock. They had a spring in each canyon & dams. They would water hay garden & orchard out of these dams.

I purchased it from my brother about 1943.

Personal interview indicates that Claimant was born on property and has been in his families possession since that time
