Dear Mr. Knight:

Enclosed for your records are three (3) Notices of Claim, generated by computer entry with the information provided on the Notice of Claim forms from Richard J. and Susan M. Levin.

Copies of the first and second pages from each original notice are attached to the printed notices showing the modifications made during computer entry.

The warranty deed provided with the Levin notices stated that 12 inches, (0.24cfs) of the 1891 right were conveyed in the purchase. Notice A22-00429A, however, lists 12.5 inches (0.25cfs). The claimant may wish to amend this notice to reflect the amount stated on the warranty deeds.

The claimants may also be interested to know that Department personnel conducted a field inspection of the place of use in November, 1985. The inspection revealed that of the 30 acres owned by Mr. Levin, 19 acres had historically been irrigated under these rights. The inspection was related to the processing of an application for transfer of a portion of water right A22-00429, filed by William O'Brien.

Naturally, if you have questions, feel free to contact this office.

Dear Sirs;

Enclosed are claims for 3 water rights in Teton County, Idaho. You will note that the normal filing fee plus late fees are included in the enclosed check.

The letter and Request for Extension enclosed are self-explanatory.

I have talked with Mr. Brunson. The reason these water rights were not filed, is the Water Board set up in Driggs told him he did not need to file because the water right diversion point was in Wyoming.

The new owners of the Brunson property (Levin's) would like the water rights filed. I have also talked with Boise and they suggest that we file.

We are asking that you consider not charging the late fee on the decreed rights, but, we know the late fee on the well is valid.

Please return the completed filing to me for deposit with the Levin's.

Thank you for your consideration in this matter.

Sincere and Kindest Regards.

Dear Sir; Attention Mr. Dave Shaw

The water rights shown on the enclosed legal description were not filed by the due date of 6 October, 1988.

The property was sold by William O'Brien on a Contract of Sale dated October 15, 1979 to Carl and Kristine Brunson.

An assignment of Contract was taken by Richard T. and Barbara A. Knight on October 12, 1987.

Richard and Barbara Knight did not know the water rights had not been filed until the property was sold to Richard J. and Susan M. Levin (set for closing April 15, 1989). This sale took place on 9 March, 1989.

It is the request of Richard and Barbara Knight that an extension be allowed and the water rights be filed in the name of the new owners, Richard J. and Susan M. Levin as soon as possible.

Richard T. Knight, writing this letter is also the Broker for All West Realty handling the sale of the property to the Levin's.

Upon your receiving this letter please call All West Realty (208-354-8601) collect if you have any questions.

During the time the Water Resources Board was set up in Driggs, I spent considerable time filing rights for many out of state clients. Their water rights would be protected by my efforts, and had this 30 acres not sold at the present time, I may have lost these decreed rights.

I wish to thank you in advance for your attention to this matter.

Sincere and kindest regards,

Richard T. Knight
