

A25-04165 Summary 9/19/03

- 1) Ownership - appears to be correct
- 2) POD - See layout. GPS 659,197E 259,728N
Waypoint 4165. Site tag A0011985.
Note that site tag was on original well
10 meters east & 6 meters south of
current well. Current well drilled
Summer 2002.
- 3) POU. See layout. Claimant's sketch on
layout references a land trade. Interview
revealed that neither traded parcel
was irrigated by this WR but by
Idaho Irrigation Canal shares.
- 4) Water use. Current use is for 6 mobile
homes and two permanent homes, with
all the rest of the area irrigated lawn.
Original use was for 12 mobile homes
on the same area. I propose
0.13 cfs / 4.8 afa for domestic from
Field Examiner's Handbook + 0.03 cfs / 3.5 afa
per acre of irrigation as determined by GIS

Photos - 1 of POD, 2 of 3 of POU.

A25-04165 Summary p2

5) Evidence of Priority. Claimant said he had talked to several tenants / neighbors who could establish a date that they remembered the water use being in place, but none could establish a starting date. None were willing to sign any kind of affidavit. He introduced me to one of these people, Eunice Beasterfield, who has lived at the park ~~for~~ since 1958. I questioned her carefully and I'm convinced her mind is clear / her recollection reliable. She confirmed that the trailer park was as large then as it is now / the well served the two homes and the trailer park.

Claimant says there is another neighbor who is on vacation who may be willing/able to provide an affidavit.

I propose a priority of 12/31/1958 based on my interview w/ Ms. Beasterfield until better information is available.

Byron A. Connor

A25-04165 field notes 9/18/03

Mrs. Eunice Beasterfield -

Moved here in 1958, trailer park
was the same size as it is now -
2 homes, 12 trailers. Now trailers
are larger, fewer trailers, park is
same size.

9/18/03

GPS tag A0011985 (was on old well,
replaced last summer) 0659197E
0259728N

way point 4165

Trade - North pasture traded for west
lawn area, irrigated from Idaho
Spr. Lawns all in from well
2 homes - 6 trailers.
