Dear Mr. Ruberry,

We are in receipt of your letter regarding our claim to water rights in Basin 21, the Henry's Fork drainage, claim #21-10921.

We claim a Priority Date of Dec 31, 1955, from Groundwater. The existing well was drilled in 1955. I was present and observed the drilling of the well. The water was used at that time to irrigate the Pineview Cemetery and is located on the property of the cemetery. It continues to be used for the same purpose today.

If you require further information please feel free to contact me at (208) 652-3605.

Sincerely,

Douglas Hillam
