Phone msg w/ Michael H. 9/11/03 16:15
if Michael has access to Tropicid photos
no need to repeat this visit.

9/12/03 Michael called back- photos are
lost but where everything seems to be in
order a field visit is probably not justified
just for photos. Michael can make a
follow-up visit later if an objection
arises.

Re: Water Right Adjudication Claim(s) A25-10022

Dear Water User:

Idaho Department of Water Resources (IDWR) is reviewing claims to water rights in the Snake River Basin Adjudication in your area. Water Resources Field Services has been retained to do field inspections to aid the Department in making correct recommendations to the court. In the next weeks and months I will be contacting you to make an appointment to look at your diversion works and uses of water.

This is a follow-up to the visit by Intrepid Technology and Resources, to photograph the changes marked on the map of irrigated lands, and to photo and locate the well.

I look forward to helping make sure your water right recommendation is correct. Please contact me if there is a particular time that would be convenient for you. You may call in the evenings, or leave a message on the answering machine.

Sincerely,

Bryce A. Contor

To Whom it May Concern:

The property that Larry & Jeanine Ferguson own and reside on now was owned by my Father James Dewey Ferguson purchased in 1929. I was raised there. I recall when my father drilled a well in 1937, for the first time we had running water and a bathroom inside our home, it was also used for watering a band of sheep, cattle and horses, also for irrigating approximately 1 acre of lawn & garden.

The well is located on the north side of the driveway to the home.
