Re: Evidence of Priority Date 37-4304 Richard B. Strickland

Attn: Carter Fritschle

Carter:

The property for which the above listed water right is used was transferred from Richard B. Strickland to Kathlyn A and Robert B Locke in 2001 as evidenced by the attached deed. An application to change the ownership of that water right is attached.

Also attached is evidence to support the Evidence of Priority Date for the adjudication process. I have enclosed copies of deeds on the property in question going back to 1937, however, since there are no parties still living that can substantiate the water usage back to that date, the best available was the statement from Jack Giese, adjoining neighbor and property owner, who can confirm in his statement (attached) that his waste water was the water in question that the claim was filed on. The most recent past owner of the property, Dorothy Strickland (widow of Richard) could also provide a statement the waste water was used however that would start in 1955.

Note that Strickland purchased part of the property in question from Bright and the balance of the property in 1964. That portion purchased in 1964 from Astorquia can be documented back to 1937. I did not research ownership past that date.

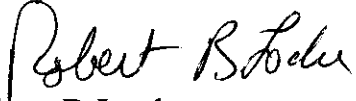

The ditch used to convey the waste water in question provides the waste water solely to the property described in the deeds attached, and has no other use.

We trust this information will be sufficient evidence to support the claim.

Sincerely,

A handwritten signature in cursive script that reads "Kathlyn A. Locke".

I, Jack Giese, Gooding, Idaho, state that I owned property in Section 23, T6S, R14EBM from 1950 to 9/9/. During that period of time waste water from my property was used by Richard Strickland on his property in Section 22, T6S, R14EBM to irrigate ground in the SW ¼ of the NW ¼ of that section. Approximately 1 CFS of wastewater was available to him during that time frame and the ditches used were still in existence and use at the time of the sale of my property.
