Subj: Address info

Steve Mackay (son of claimants) came into the office today to update the address on the above water rights. The rights are currently in the name of Steven B and Elizabeth C Mackay, being Steve's parents. Steven B (father) has passed away and Elizabeth is not in good health. The son would like all water right info to be mailed to him, as he is in charge of the farm now. He will change the name on these rights at a later time.

Water right number 67-10744 is also in the name of Steven B and Elizabeth C Mackay, however the well has been abandoned and the house has been removed.
