

3/5/2004

25-2169, 25-2170

Talked with Jack Lance re: above claims. He said that they switched from a 40 HP to a 100 HP pump when they expanded the system in order to irrigate $5\frac{1}{2}$ of SW $\frac{1}{4}$ of sec 35, 5N 37E (Roxine Stone enlargement claim 25-10900). Well depth is 105' and static water level is about 4'. Affidavit in 25-10900 says that enlargement took place in 1985.

He will call me back to let me know if he wants Stone's claim to be recommended as an enlargement, which would put a portion of his water on her land. Stone and Lance would have to be shown as WP owners on all 3 claims.
