Subject: RE: 45-7517 (DRAFT)

Hi, Vikie! I pulled this file and find that we have sent out a licensing amendment that has to be signed and returned with fee before license can be issued. I checked the priority I have recommended be licensed and find that it is 1-04-1983 as permitted. Proof was made timely, there was no advancement of priority on our part. I noticed the discrepancy in dates while preparing the draft license but felt that we could issue license with priority as shown in our file, rather than what BLM claimed in the SRBA. If you find out I should not have recommended actual priority, let me know and I can change before license is issued (if BLM sends in the license amendment as required).

Last June (2000) Dave Tuthill asked me to get the licenses done on all the permits that had been partially decreed. I finally got to it this June and had to send out a bunch of license amendments (most to BLM) to accurately reflect what the examiners had recommended. In discussions with Phil Rassier, Norm, Dave T., and Susan Hamlin (last year), it was determined that the licenses would supercede the partial decrees and according to Idaho Code we are doing what is required. I have sent special letters on the permits in this category and have included copies of Idaho Code, Sections 42-219 and 42-1421, to explain why we are doing what we are doing.

If you get questions on these and don't want to deal with them, have them call me. My phone number is shown on the letter that I have signed and sent. Hope this helps... Kay

Kay,

I don't know how you get all these (I don't know how I do either). Ahem, anyway. I got a call from Steve Davis of the BLM regarding the Partial Decree on the above water right. It seems that their issue is that the permit had 1-04-83 and our partial decree has 1-14-83 (I checked and it was filed that way by BLM), but my issue is that we have a partial decree on a spring based upon a permit that is a draft license at this point. One thing I'm wondering about is the final decision on priority date, as the proof was originally due in 1989 and it seems like there may have been a problem there in timeliness. I see your name in the remarks. Any idea why this is still draft status? Before I get back to Steve or talk to Doug I thought I'd like to know, if possible.

Doing anything fun for the 4th? Thanks for your help one more time.

Vikie

RE: Steve Davis inquiry RE the priority date of 45-7517. They are 10 days senior to Northern Stones' on 45-7521. Our AJ claim has 1-14-83 not 1-04-83 as licensed. Could be an issue. V.A.
