August 30, 2004

Dear Judge Wood,

Thank you again for taking the time to act as a settlement judge for the Snake River Basin Adjudication Court on November 10, 2004. As you know, the settlement conference involves a number of subcases in the Pocatello area (Basin 29). All of these subcases raise similar issues about the season of use.

In hearings held last week, the parties identified some additional subcases in which season of use is at issue. We agreed that these additional subcases should be included in the settlement conference.

Enclosed is a copy of the *Order Setting Mandatory Settlement Conference* that we sent out adding the additional subcases. If you have any questions about the addition of these subcases, please feel free to contact us. Again, we appreciate your willingness to fit this settlement conference into your busy caseload.

Sincerely,

Brigitte Bilyeu
