Good news. These can all be withdrawn from the SRBA. I have it that the FS withdrew four, 74-7106, 74-7110, 74-7113 and 74-7278, previously. All the others we dealt with in and they were decreed in the D&S by the FS filing beneficial use claims in preference to the licensed rights to obtain earlier priority dates. I can provide the new beneficial use numbers for the corresponding licensed uses if you would like. In any event, all the claims based on the licenses on this list can be withdrawn.

*→ We don't have a file for this one - no claim -  
no bar code - no fiche. A claim may not  
have been filed, although (from the memo)  
USFS believes they filed & then withdrew  
the claim. Either way, data base needs  
housecleaning.*
