Comments:

1. jroberts 3/2/2004 Basis of Recommendation

Comment: Recommended the pod from NE Creek. Original decree said South Fork (or Left Hand Fork) of Beaverdam Creek, but according to the USGS map, it looks like it is now known as NE Creek. Claimant said another point of diversion from Beaverdam Creek is used for this property also so will recommend as an accomplished change for part of the source, but limit the right from both sources to 1.16 cfs, or an inch per acre for the 58 acres.

RE: *****Ownership Change needed on 45-153 (formerly Shoulder 3 Ranches)*****
Copies of recent amendments (45-136A & 45-154A) & New Claims (45-145 & 45-13626)

Dear Mr. Bedke,

Enclosed is your receipt and copies of the filings you made yesterday.

We still need to do an Ownership Change on 45-153, originally filed by Shoulder 3 Ranches. Please complete the enclosed Ownership Change form and return it with a copy of the Warranty Deed and a map.

I have also tentatively prepared an Amended Version of 45-153, which would correct the Place of Use. It was originally claimed in the NWNW for 5 acres, which is BLM ground, and 25 acres in the SWNW, for a total of 30 acres. You also own the NWSW but no acres were claimed there. According to the map I am sending along, I think the Place of Use acres are more correctly described as 10 acres in the NWSW and 20 in the SWNW, still for a total of 30 acres.

There are no fees required for either the Ownership Change or the Amendment because the acres did not increase!

Please return the needed documents as soon as possible or stop by the office again, preferably calling ahead to make sure I am available. (I plan to be in Oakley at the Oakley Canal Company offices on Friday March 5 at 7:00 pm and again on Monday March 8 at 3:00 pm to attend water district meetings. Let me know if you would like to meet me there so I can bring my Notary Stamp.) Give me a call if you have any questions.

Sincerely,

Jeanie Robertson

RE: 45-145 (New Claim)& 45-13626 (Enlargement Claim of 45-142)

Dear Mr. Bedke,

Hope you have been recovering well from your surgery. I thought I would send you these claims to either complete, sign, and return to me or at least be able to look them over and see if you have any questions before we get together to file them.

45-145 was previously unclaimed and you had indicated that you **did** want to file on it. I have prepared a claim based on the original water right 45-145. **You will need to indicate how many acres you irrigate per quarter-quarter, the location of the point of diversion, and the diversion rate you are claiming.** (The decree is for the entire flow of the South Fork of Beaverdam Creek on 160 acres, so perhaps a claimed diversion rate of 160 inches or 3.2 cfs is a reasonable suggestion). **The filing fee for this claim will be \$50.00 plus \$1.00 per claimed acre of irrigation.**

45-13626 is for the enlargement of 45-142. You had originally claimed 30 acres in the NENE of Section 30, T16S, R21E, but decree 45-142 did not apply to those acres. If you wish to continue to irrigate those extra acres, you will need to file this enlargement claim. **The filing fee for this claim will be \$50.00, with the acres having been previously paid for under 45-142.**

Please look the claims over and feel free to give me a call at the office if you have any questions. We can schedule an appointment for you to come in to the office or if you prefer, I can come to your place. Let's try to get this process completed by **December 19, 2003** so I will have time to get my recommendations done in time for the upcoming Director's Report.

Sincerely,

RE: Adjudication Claim 45-142, **45-145 (Not Claimed!)**

Dear Claimants,

I am in the process of reviewing your adjudication claims, filed in 1989 by Shoulder 3 Ranches and which you purchased in 1992, in order to make my recommendations to the court for eventual decree. This is the next phase in the adjudication process.

You have a claim against 45-142 for the waters of Beaver Dam Creek. This decree was only for the S $\frac{1}{2}$ of the NE $\frac{1}{4}$, but you also claimed usage in the NENE $\frac{1}{4}$. This usage must be claimed separately as an Enlargement Claim, per Idaho Code 42-1426, (copy enclosed) and will need to be advertised. If you wish to continue to irrigate these acres, please call for an appointment to file this claim by September 12, 2003. Keep in mind there will be a \$50.00 filing fee.

Your ownership change documents referred to 45-145 but a claim has never been filed against this old decree. If you are using these waters, you will need to file a claim, again a \$50.00 filing fee will be required and please plan to do so by Sept. 12.

Our records show your address to be **RT 1 BOX 96** but I see the records of the assessor's office list your address as **1876 S 600 W**. Please complete, sign, and return the enclosed change of address so we can update our official records.

Please feel free to call if you have any questions.

Sincerely,

Jeanie Robertson
