1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

period of use, purpose of use, place of use.

2. Describe the changes you wish to make in the proposed recommendation:

period of use - 12 months per year, purpose of use - stock water plus irrigation, place of use - all the area pictured (approximately 10 acres) not just 3.75 acres + 30 acres to the east that is not pictured (flat area).

Give a brief explanation as to why you disagree with these portions:

I use the Stites Creek and Anderson Creek year-round for stock water. All the approximately 10 acres pictured is irrigatable. The 30+ acres not pictured to the east and above the valley land has been cultivated and is irrigatable from the South Fork

☐ I AGREE with this proposed recommendation: no changes need to be made.
