RE: SNAKE RIVER BASIN ADJUDICATION CLAIMS 45-246A, 45-320A and 45-329A
PRELIMINARY RECOMMENDATION. FORMER LAMAR HAGAR PROPERTY

Dear Mr Bell

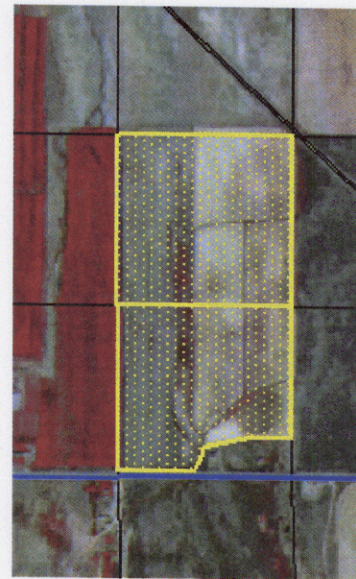

This office is reviewing Snake River Basin Adjudication claims in your area in preparation for our report to the court. As a part of this processing, IDWR is mailing **draft** recommendations to claimants where they differ from the original claim. These efforts are intended to improve claim review efficiency and lower the overall cost of the adjudication.

I have **not** finalized my recommendations for the rights involved with this specific place of use, as there are several issues that need additional information to allow me to complete my recommendation

The outlined property shown to the right is ≈ 75 acres. I excluded the farmstead area from the recommendation. This is the same acreage as identified on the 1978 ASCS aerial photo.

45-246A This right was decreed to seven 40-acre tracts. Your claim identifies 2 of those tracts, Black Jack Ranch's claim 45-246B identifies 3 of the decreed tracts, and Kempton owns the last 2 of the decreed tracts. Using a $\frac{2}{7}$ th proportion of the decreed right as your proportionate share, I calculate your correct rate to be $\frac{2}{7} * 3.60 \text{ cfs} = 1.03 \text{ cfs}$. I am using this same method of analysis to calculate the diversion rate for the other claim against this right. If there is additional information to support a larger diversion rate, please provide that information to me.

45-320A This right was claimed by three individuals but only Bell and Kempton own the property as decreed. Each individual owns 50% of the decreed place of use and has claimed 50% of the decreed right. Dora Droz has claimed 0.25 cfs of this right, however, there is no supporting documentation in Dora's claim to support her claim to a portion of the right. Lacking additional information, I am recommending that the right be split 50/50 between Bell and Kempton.

45-329A Many problems exist with this claim. The decreed source is Brim Creek at 0.10 cfs but the claimed points of diversion describe sections 8 and 9 without quarter/quarter designations. The claim states, in remarks, that the claimant does not have a good idea of where the point of diversion is located. It references that Brim Creek is formed by springs arising on place of use. This would be more consistent with a beneficial use right not associated with 45-329. It is not clear what the relationship is between Brim Canyon and Brim Creek.

There are three claimants against the decreed right as follows;

| Decree
Right No | Source | Rate | Claim
Right No | Source | Rate |
|--------------------|------------|----------|-------------------|---------|----------------------|
| 45-329 | Brim Creek | 0.10 cfs | 45-329A | Brim Cr | 0.10 cfs Bell |
| | | | 45-329B | Brim Cr | 0.05 cfs Brackenbury |
| | | | 45-329C | Brim Cr | 0.20 cfs Kempton |

Without additional information this claim would be recommended for disallowal.

If the information is incorrect or you do not agree with my analysis for any of the rights please let me know through a letter or phone call where you feel that the recommendations need to be changed.

I look forward to working with you to improve the accuracy and completeness of the recommendation(s). The **draft** recommendations may be further modified by information you provide or by additional information received by the department through further investigation. In the absence of additional information the **draft** recommendations will become the recommendations submitted to the court.

Sincerely

Kelly K Christensen

Leo Bell (cont.)

System 45-246A, 320A, & 329A.

45-246 The decreed P/U is ^{Howell Cr Source} owned by 3 different individuals but only two have claimed against this right. The decreed P/U includes 7 40-acre tracts.

Based upon the current available info I am recommending a proportional split for each claimant.

Bell $\frac{2}{7}^{th}$ • 3.60 cfs = 1.03 cfs

Black Jack $\frac{3}{7}^{th}$ • 3.60 cfs = 1.54 cfs

Kempton - 0 cfs (no claims against Right)

45-329A Decreed & DISALLOW?
Claimed Source = Brim Cr. Many problems exist
Brim Canyon not diverted to P/U. Claimed P/D's
listed as sections only original claimant didn't know
about delivery system. Remarks appear to describe
a BU right from springs on property.

45-320A - Claimed by 3 individuals. only Bell & Kempton own
land @ Decreed P/U. Their claims (Bell & Kempton) split
right proportionately. Appears the likely recommendation.
