**IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS**

In Re SRBA	)	Subcase No. 81-11883
	)	
Case Number: 39576	)	AFFIDAVIT OF DAVID M. CAMPBELL
_____	)	

State of: MONTANA
County of: RAVALLI

David M. Campbell, being first duly sworn upon oath, deposes and says:

1. I am currently employed by the United States Department of Agriculture, Forest Service (Forest Service), as the District Ranger on the West Fork Ranger District of the Bitterroot National Forest. I have been employed by the Forest Service for 26 years.

2. As part of my assigned duties and responsibilities as the District Ranger, I am familiar with the use of Magruder Guard Station.

3. I have reviewed the reserved water right claim, as amended and attached as Exhibit 1, submitted by the Forest Service for Magruder Guard Station (Claim).

4. The Claim was prepared by Forest Service personnel as part of their normal duties. I verified the legal locations as set forth and described in Exhibit 1 and have personal knowledge that the location of the point of diversion and point of use and source of the water supply are true and correct as described in Exhibit 1.

5. The Claim is situated wholly within National Forest System lands. It is currently utilized by the Forest Service at Magruder Guard Station to manage National Forest System lands.

6. The Claim is necessary for the administration of the National Forest pursuant to the Organic Administration Act of 1897, 16 U.S.C. § 475 *et seq.*, for the purposes of securing favorable conditions of water flow and to furnish a continuous supply of timber.

7. The United States filed this Claim for use in association with Magruder Guard Station, an administrative site located in the Frank Church River Of No Return Wilderness and the Wild River portion of the Selway River on the Bitterroot National Forest. The site includes a cabin that is used as an office and residence, two warehouses and two barns. It is used every year for administration of National Forest resource management programs. Personnel utilize water at this site for domestic and other administrative purposes. Wilderness rangers and trails

crews use the site, as well as other personnel as the need arises. Wilderness management requires well maintained trails to provide access to this part of the forest. Occupation and use of Magruder Guard Station is essential to the overall administration of Forest Service programs on this part of the Bitterroot National Forest to protect it from fire and other depredations, thereby directly contributing to other resource programs and conditions such as watershed protection, wilderness character, trail maintenance, recreation access, preservation of timber stands and public safety.

8. Based upon personal experience and knowledge, discussions with Forest Service personnel and review of relevant Forest Service records, including but not limited to, on-site inspection records, water has been historically, and is presently utilized at Magruder Guard Station in quantities up to and including 0.04 c.f.s. during the period of May 1 through November 30, as described in Exhibit 1.

9. Based upon the forgoing, I have personal knowledge of the following elements of the reserved water right claim:

a. The name and address of the claimant is:

UNITED STATES OF AMERICA acting on behalf of the U.S.D.A. Forest
Service, 550 W. Fort Street, MSC033, Boise, ID 83724.

b. The source of water is:

c. The location is:

1) point of diversion:

f. The purpose of use is:

Dated this 14TH day of FEB, 2003.

Team. I have been employed by the Forest Service for 26 years.

2. As part of my assigned duties and responsibilities, I oversee water right claims submitted by the Forest Service in the Snake River Basin Adjudication ("SRBA"). Attached as Exhibit 1 is a true and correct copy of claim number 81-11883, as amended and before the Court in the SRBA.

3. I have reviewed Exhibit 1, as amended by the Forest Service for Magruder Guard Station.

Based upon my review, the lands upon which the reserved water right claim is located, including both the legal locations of the point of diversion and place of use as described in Exhibit 1, were first reserved as a Public Reservation by Presidential Proclamation No. 23 signed February 22, 1897, by Grover Cleveland. This is substantiated in historical documents and maps maintained by the Idaho State Office of the United States Bureau of Land Management in Boise, Idaho. Attached as Exhibit 2 is a certified copy of the above referenced Presidential Proclamation No. 23 establishing the Public Reservation.

5. The priority date, February 22, 1897, for this reserved water right claim corresponds to the date of Presidential Proclamation No. 23. *See* Exhibit 2.

6. Based upon the forgoing, I have personal knowledge of the following elements of the federal reserved right claim 81-11883 attached hereto as Exhibit 1, submitted in the SRBA:

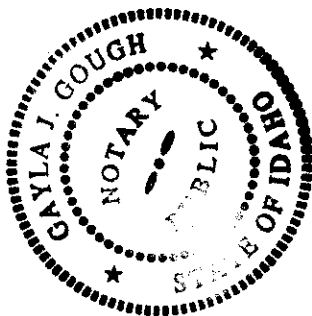

a. The land at the legal descriptions shown as the point of diversion and place of use is federally reserved National Forest System land. It was first reserved by Presidential Proclamation No. 23 February 22, 1897 as a Public Reservation. It is now part of the Bitterroot National Forest.
