Counsel for the United States of America

**IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS**

In Re SRBA	)	Subcase No. 75-11198
	)	
Case Number: 39576	)	AFFIDAVIT OF WILLIAM A. SCHUCKERT
_____	)	

State of: IDAHO
County of: LEMHI

William A. Schuckert, being first duly sworn upon oath, deposes and says:

1. I am currently employed by the United States Department of Agriculture, Forest Service (Forest Service), as a forester in the Supervisors Office of the Salmon-Challis National Forest. I have been employed by the Forest Service for 24 years.

2. As part of my assigned duties and responsibilities as a forester on the Salmon-Challis National Forest, I am familiar with use at the Colson Creek Guard Station.

3. I have reviewed the reserved water right claim, as amended and attached as Exhibit 1, submitted by the Forest Service for Colson Creek Guard Station (Claim).

4. The Claim was prepared by Forest Service personnel as part of their normal duties. I verified the legal locations as set forth and described in Exhibit 1 and have personal knowledge that the location of the point of diversion and point of use and source of the water supply are true and correct as described in Exhibit 1.

5. The Claim is situated wholly within National Forest System lands. It is currently utilized by the Forest Service at Colson Creek Guard Station to manage National Forest System lands.

6. The Claim is necessary for the administration of the National Forest pursuant to the Organic Administration Act of 1897, 16 U.S.C. § 475 *et seq.*, for the purposes of securing favorable conditions of water flow and to furnish a continuous supply of timber.

7. The United States filed this Claim for use in association with Colson Creek Guard Station, an Administrative Site located in a remote part of the Salmon-Challis National Forest. The administrative site includes a cabin, corrals, a tack shed and other capital improvements. It is used every year for administration of National Forest resource management programs. Personnel utilize water at this site for administrative purposes. Occupation and use of Colson Creek Guard Station is essential to the overall administration of Forest Service programs on this

part of the Salmon-Challis National Forest. Timber crews and trail crews with pack stock are routinely housed at the guard station. Their work managing timber stands and maintaining access contributes directly to timber production, maintaining watersheds and assuring favorable conditions of water flow. Their presence also serves to prevent other depredations that may destroy these natural resources and the attendant value placed on them.

8. Based upon personal experience and knowledge, discussions with Forest Service personnel and review of relevant Forest Service records, including but not limited to, on-site inspection records, water has been historically, and is presently utilized at Colson Creek Guard Station in quantities up to and including 0.02 c.f.s. during the period of May 1 through October 31, as described in Exhibit 1.

9. Based upon the forgoing, I have personal knowledge of the following elements of the reserved water right claim:

a. The name and address of the claimant is:

UNITED STATES OF AMERICA acting on behalf of the U.S.D.A. Forest
Service, 550 W. Fort Street, MSC033, Boise, ID 83724.
