Counsel for the United States of America

**IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS**

In Re SRBA	)	Subcase No. 77-10927
	)	
Case Number: 39576	)	AFFIDAVIT OF KEVIN P. CHAFFEE
_____	)	

State of: IDAHO
County of: IDAHO

Kevin P. Chaffee, being first duly sworn upon oath, deposes and says:

1. I am currently employed by the United States Department of Agriculture, Forest Service (Forest Service), as the Fire Management Officer (FMO) on the Salmon River Ranger

District of the Nez Perce National Forest. I have been employed by the Forest Service for 18 years.

2. As part of my assigned duties and responsibilities as the FMO for the Salmon River Ranger District, I am familiar with and use Chair Point Lookout.

3. I have reviewed the reserved water right claim, as amended and attached as Exhibit 1, submitted by the Forest Service for Chair Point Lookout (Claim).

4. The Claim was prepared by Forest Service personnel as part of their normal duties. I verified the legal locations as set forth and described in Exhibit 1 and have personal knowledge that the location of the point of diversion and point of use and source of the water supply are true and correct as described in Exhibit 1.

5. The Claim is situated wholly within National Forest System lands. It is currently utilized by the Forest Service at Chair Point Lookout to manage National Forest System lands.

6. The Claim is necessary for the administration of the National Forest pursuant to the Organic Administration Act of 1897, 16 U.S.C. § 475 *et seq.*, for the purposes of securing favorable conditions of water flow and to furnish a continuous supply of timber.

7. The United States filed this Claim for use in association with Chair Point Lookout, an Administrative Site located on the Nez Perce National Forest. It is a 50 foot tall tower on a mountain top. The primary purpose is fire: fire detection, fire suppression, fire management and fire prevention to improve and protect the forest from destruction by fire. It is staffed and occupied every year. Personnel utilize water at this site for administrative purposes. Occupation and use of Chair Point Lookout is essential to the overall administration of Forest Service programs on this part of the Nez Perce National Forest to protect the forest from destruction by fire, thereby ensuring continuing viability of the resources on surrounding

federally reserved National Forest System land. Prevention of depredation by fire contributes directly to other resource programs and conditions such as watershed protection, preservation of timber stands, trail maintenance, recreation access and public safety thereby directly contributing to the maintenance of and improving watershed conditions, timber production and favorable conditions of water flow.

8. Based upon personal experience and knowledge, discussions with Forest Service personnel and review of relevant Forest Service records, including but not limited to, on-site inspection records, water has been historically, and is presently utilized at Chair Point Lookout in quantities up to and including 0.02 c.f.s. during the period of June 1 through October 31, as described in Exhibit 1.

9. Based upon the forgoing, I have personal knowledge of the following elements of the reserved water right claim:

a. The name and address of the claimant is:

UNITED STATES OF AMERICA acting on behalf of the U.S.D.A. Forest
Service, 550 W. Fort Street, MSC033, Boise, ID 83724.

b. The source of water is:
