1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

Quantity should be 0.18 cfs for irrigation

2. Describe the changes you wish to make in the proposed recommendation:
- + 0.02 cfs for stockwater; total 0.2 cfs
acreage of ~~irrigated~~ property is 3.8 → all but house & driveway are irrigated
I estimate
irrigated
acres = 3.0*

*the location of the diversion was moved to a more
suitable location downstream of the island on
the river right bank (east).*

3. Give a brief explanation as to why you disagree with these portions:

*quantity does not match other paperwork provided in
SRBA claim & process; location of diversion moved;
acreage of irrigation low.*

☐ I AGREE with this proposed recommendation: no changes need to be made.
